中二病でも魔女がしたい!

COMING  
SOON!!

I'm sure you'll be glad to know that I've been working on this site for a long time, and I've been able to pick up a site that has been trying to get away from the reality of the name "B" in the form of "B."

I'm not sure if I'm going to make it, but I'm sure Mr. Sneaker Kokkini is very good at it.

I'm so sorry to have died of all the horror of being made by a tractor!

"Why don't you go to another world and you can have just one thing you like?" "Well, you're going to start the great adventure of Kazma from here on into another world, and there's going to be work for food, clothing and shelter!"

He's the star of the show.

I'm not sure if I'm going to be able to do that.

You're a fucking hiccate. Twelve.

Who do you think I am?

It's the most magical thing I've ever heard.

I don't care what you think.

I'll leave it to this goddess!

I don't know if it's a good idea.

I'm sorry, but I don't know what to do.

It's a party like this.

You're the greatest genius of all the Red Monsters.

"I'm obsessed with the power of the most magic ship called the Bombing Magic, and it's the only thing I can use and use."

Anything I like, it's bomb magic.

He's a bomb-driven trick.

It's a blasting spell.

I'm gonna have to take the edge off the Dukes next.

Welcome to the world after death.

And I said, "Well, you know, you've just lived a short life, but your life has ended."

I don't know what happened all of a sudden.

There was a little desk and a chair in the room, and I was sitting in that chair.

He died in his misery.

If there is a goddess who has told me the end of my life, then I'm sure she's talking

about the one before me.

It's very different from the beauty of an idol that you see on a cute TV.

A long, clear water-colored hair with a soft impression

I wonder if the year is as old as I am.

The perfect bowl, not too tight, is wrapped in a light purple, or a loose suit, commonly called a feather coat.

The beautiful girl, with her hair-colored, clear, water-colored eyes, stared at me, and she was staring at me with her condition in her face.

I'll tell you something.

When I was a kid, when I was a kid, I used to go to school, but I didn't go to school.

And I'm going to show you a couple of examples.

Apparently, he's called a Netgueren in the world because he's obsessed with people like me.

So I went home, and I went home, and I went home, and I went home, and I was happy, and I was really happy, and I was really happy, and I was really happy.

The girl who was walking in front of me with a cell phone she wanted to play.

I want to thank you for this wonderful world.

And when he saw that the blue light had turned green, he went right across the street, without even seeing the right or left of the mouse.

A big shadow coming by the girl's side.

It must have been a big truck moving fast.

I pushed him before I even thought about it.

I've never seen anything like it before.

"What do you mean by that?"

"Would you like to see the girl?"

"Is the girl I pushed you alive?" It was important.

It was my first and last show in my life.

I'm so sorry if I didn't get there at the risk of my life and finally didn't make it.

"You're alive, sir. You've been seriously injured with a broken leg."

My death was not in vain.

Finally, I've done a little good...

A pretty girl who sees me as a relief will lean her neck.

"Well, if you hadn't pushed her, she wouldn't have been hurt."

It's a bit of a surprise.

Because he's a tractor.

I don't even have that fast.

I mean, you didn't want to be a hero.

I've never seen him before, but I've never seen him.

I'm so sorry, but I really want to hit you.

...no, wait.

I've heard worse things now than that.

And...

I'm going to say, "Well, I'm going to give you a blessing on this wonderful world," and I'm going to say, "Oh, I'm a tractor, not a truck."

I'm sure she'll find out if the big truck comes near her, and I'm sure she'll run away."

You died in shock because you thought the truck was gonna take you.

"You're the first person I've ever had to die this strange job, even though I've been doing it for a long time?"...

"Don't listen to me! I don't want to listen to you!"

"Well..."

Well, then, let's keep my stress release going like this.

It's nice to meet you.

My name is Aqua.

In Japan, a goddess who guides the young dead.

999, please.

"You've got two choices when you die because you don't want to be funny and you don't want to be funny."

And I said, "Well, what do you mean?"

"How do you live like your grandfather in heaven?"

No, no, no, no, no.

It's like, "What's a place in heaven?"

You don't need food. You don't need food. You don't need food.

There's nothing left to make.

I'm sorry to disappoint you, but there's nothing in heaven.

There's no TV, no comic books, no games.

I'm here with the people who died.

I'm sure she's dead, so that's what I want to do.

"You like games, don't you?"

"I'm not going to do anything but talk to them forever and forever, while I'm talking to them in public."

But I'm going to be a baby and I'm going to start over:

(Laughter)

I was so sad to see her smile on the face.

And when you're told you're going to lose your memory and start over, it's like you're going to disappear.

I'm like, "Oh my God, I can't hear you.

Aqua said to me, while I was on my guard,

Aqua might begin to explain something that's a good story.

(Laughter)

There's a world that's not here. There's a king who's not here.

I'm afraid the world's going to be pampered by the invasion of the Dark Lords.

There's magic everywhere. There's monsters.

I'm not sure if I'm going to be able to do that.

And he said, "Well, the people who died in that world, they were killed by the Dark Lords, so I was scared to die like that again."

Most of the people who died refuse to be born again in that world.

I'm telling you, baby will be born, baby will be born, and the world will be destroyed.

And I said, "Well, why don't we send people who have died in other worlds there?"

And I said, "Well, if you're going to send me back, I'm going to send you a young, old, dead man and his body and memories as they are."

It doesn't mean you'll die soon after sending it to me, so there's just something.

I give them the right to have what they like in the other world.

I'm not sure if he's capable of anything.

I mean, you know, you're a terrible talent.

Some of you have asked for a weapon of the divine class.

What do you think? You can start your life over, even though it's a different world.

And it's not just a matter of trying to make a difference, it's a matter of doing something.

"It's not bad, isn't it?"

It's not like it's not like it's going to happen. It's like it's going to happen.

I know I'm a game lover, but I can't believe I'm going to be in the world of my favorite game.

(Laughter)

"Well, I'd like to hear it, but what's going to happen to your words?"

With our Gods' kind support, you can learn in a moment by putting pressure on your brain when you go to a foreign world.

You can read letters, of course.

And I said, "Well, I don't know if I'm going to be able to do that, but I'm going to do it because I don't want to do that."

Did you say you were going to be in bad luck? "I didn't say so." "I didn't say so."

Well... well, well... but this is certainly a fascinating suggestion.

I'm not proud of the strength of luck, but I'm confident of the strength of my childhood.

And when Aqua was in front of me, he offered me something like a catalog.

And I said, "Well, I don't know."

Only one.

Let's give you strength that no one else can.

For example, it's a powerful gift.

It's a legendary weapon.

I don't know. There's only one thing.

I'll give you the right to take it to a different world."

There were many names.

Well, I guess I'm just gonna have to pick out my equipment and take it from here.

Oh, my God. If I had all of this, I'd be out of sight.

I'm not sure if I'm going to be able to do that.

If you go to the other world with ° magic, I'd love to use magic.

So this is still the ability to use magic...

I'm like, "Oh, come on, let's go.

I didn't expect any game nerds to do that, so I picked the right thing and just left.

And I said, "No, I'm not going to do it, because I'm going to do it, I'm going to do it, I'm going to do it, I'm going to do it."

It doesn't matter.

"There's a lot of other dead people out there waiting for you to come out here after this," he said, "but he didn't sit in his chair looking at me and he'd take snacks... and he'd laugh at people's cause of death, and he'd just stepped on a little bit because he'd never met me.

You know, I've had a lot of fun with that nasty, nasty, throwing-off attitude, and I've had a lot of fun.

You want me to make a decision soon?

Then I'll make up my mind.

I mean, you're the kind of person who's going to be able to bring the rest of the world into the world, right?

The Aquar is looking at me with his flint face, and he's wearing a snack.

I don't know.

And then I said, "Well, I don't want to get out of the center of this magic band..."

And I said, "What did you say?"

I'll be right back.

And I'm going to tell you a little bit about this, and I'm going to tell you about it, because I'm going to take over this job.

...in one word, like an angel.

Oh, my God.

I'm like, "Oh, no, no, no.

"Oh, I'm not a nerd!

I'm sorry, Aqua.

I'll take care of the rest.

When the King is defeated safely, I will send a host to come back to you.

"Well, I've got the power to kill demons, but I can't do it."

"Mr. Satoshi-san.

I'm going to send you to a different world.

As one of the bravest candidates to kill the Witch King.

"When I strike down the demon lord, I will give him a gift from the gods." "A gift?"

The angel smiled gently.

Let's go.

A gift that matched the great deeds of saving the world.

Whatever you want.

"Well, I'm going to give it to you as much as I want." "Oh!"

For example, when you get tired of living in a foreign world, you go back to Japan and you want to be rich and you want to be surrounded by beautiful girls, but you have such a corrupt wish!

I was already satisfied to see the Aqua.

I'll point at Aqua.

"What's it like to be taken by a man who's been making a fool of you?" "What's it like to be taken along by a fool?

"Oh, my Serehu!"

I am wrapped in bright light along with a screaming aquamarine!

Hey, hey, hey, hey, hey, hey, hey.

"Oh, really? Do you think I'm going to try magic and adventure in this world?"

It's a beautiful place. It's a beautiful place.

No cars, no bikes, no power poles, no radio towers.

"Oh... oh... oh... oh..."

"Oh, my God, oh my God, oh my God, oh my God!

And I said, "What's wrong with you?"

What if they think I'm one of those crazy girls?

You have something to give to me when you're like this?

It's the only place in the world that's going to be fun.

"Oh, oh, oh, oh, oh, oh, oh, oh, oh, oh, oh!

I'm like, "Oh, wow, come on, stop it!"

All around the city of stone, carriages clattering.

"I'm going to give you a little bit of advice, because I'm going to give you one blessing on this wonderful world:

If you don't like it so much, go home.

And when I did something about it, Aqua was scared.

"What are you talking about?

She's a beautiful girl, but she's a pain in the ass.

No, I can't be honest with you.

"Hey, goddess, calm down."

At a time like this, it's a bar.

I'm gonna go to the bar and start by collecting information.

And I said, "Well, you know, I'm going to go to the game club, and I'm going to go to the game, and I'm going to go to the game.

You can call me Lady, but if you can, you can call me "Aaah."

If you don't do it, you'll be in the middle of something else.

He said, "The world is different, but I am one of the gods of this world."

You know, when you're in the middle of something, you're in the middle of it, and you're in the middle of it, and you're in the middle of it.

I mean, if you think about it, Aqua is a goddess, and I think you should ask him a lot.

And I said, "Well, what's the point of this?"

"Where do you want me to go?"

I don't know if you're gonna ask me that.

I don't know what's going on here.

It's hard to ask a guy who's a guy who's a little too tall to be a girl.

J.J., when is this gonna work?

"What are you going to do, P125, is give a blessing to this purple-bluster world, and I'm going to be looking for some adventurer Gildo..."

And I said, "Well, I've traveled a little bit."

I just got to town.

You're the one who wants to be an adventurer.

Welcome to Axelhem, town of running adventures.

"If you go straight down this street and turn right, you'll see a sign."

We're going to go to the city of the adventurers.

I see.

It's an ideal place to start sending dead people into another world.

As I walked down the street, thanked my aunt, and taught her, she was followed by a gurney, who, with a little respect for her eyes, raised her voice in admiration.

I'm like, "Oh, why are you so good at this? What's wrong with you?

You can't measure a man's worth without having friends or lovers.

And don't give me Hikite, you fucking bitch.

I'm only 16 years old.

It's not the age of the public to call me "Nitt."

"Aaa, called a bitch, chokes her neck, but ignores it, and goes into the adventurer Guild.

It's an organization that's always coming out of the game of I adventurers, to work and support adventurers.

I mean, he's the harborian of the other world.

It was a huge building, and there was a smell of food in it.

I'm sure there's some roughers inside.

You might see the newcomers, and you might just get caught up in them.

You're so prepared to go in there...

And I said, "Yes, sir."

"If you're going to show me work, I'm going to take you to the back counter, and I'm going to have dinner, and I'm going to give you a blessing on this wonderful world.

There's a bar in the middle of nowhere dark.

There's a bunch of men in armor over there, but there's no one in particular who looks bad.

I don't think so, but I'm still drawing attention to the rareness of newcomers.

...and I realized what caused it.

I'm like, "What are you doing here?"

I think they know I'm a god, a goddess, and I'm sure they know I'm a woman."

If you don't tell her, she'll be attracted to you.

Let's just ignore the gaze and do what we started.

And I said, "Well, you know, if you're going to sign up, then you're going to have a lot of TED-Ed adventurers who want to live with you.

I'd like you to lend me an adventure fund, or I'd like to have a lunch with you, and I'd

I like to introduce you to a simple job.

Well, that's mostly what happens when the game starts.

I think it's all your fault that you're going to provide the least you can do in this world.

All right.

"Today we're going to get the military money to register and get the equipment we need, and we're going to get the place to stay."

My job is to send dead people to this world.

But I get it.

I don't know about games, but it's common sense and promises in this world.

And I said, "Well, you know, I'm not sure if I should sign up as an adventurer."

All right, let's go." I'll take Aqua, and I'll head straight to the counter.

There's four front desks.

Two of them are female employees.

I'm going to go to the receptionist's section of the women's staff.

I've got three other receptionists waiting for me.

And I said, "Well, what's the matter with you? I don't know what you're talking about.

And I said, "Well, I don't know.

And there's a lot of crazy flags with your beautiful sister.

From now on, there's been a lot of surprise.

"I've heard stories like this about your sister, who was a brilliant, brilliant adventurer."

"I'm sorry, I'm just going to stand in line here, but I'm going to go out and look at us in the procession and the other receptionist is looking at us, but I'm going to ignore this.

In time, our turn will come.

"Yes, what did you do today?"

It's a little bit of a mess, but it's a bit of a mess.

If you're from a country or from a foreign country, the receptionist will tell you a lot of things.

And I said, "Well, you know what?

And I said, "Well, you know, it's going to cost you a registration fee, right?"

Then, if you follow the receptionist's advice: ...do you have a license?

It's like, "What are you going to do?"

I just got off on the wrong foot.

"The game usually gets at least the equipment and the cost of living."

It's a bit of a drag.

Okay, next time I'm going to take a look.

"I'll show you the true nature of the goddess."

I don't want to live in this house. I want to live in this house.

"I'm going to tell you what I'm going to do."

"Yes, the god of the Axe order, the goddess Aqua!... if you are my believer... ...and if you lend me money, it will help me."

31 Blessed for this wonderful world, a goddess, 30'Erissian, "Oh, yes, I'm sorry."

When Surakau came home with Sobo, he stopped calling.

"Well..."

Miss, are you an Axeist?

I'm going to tell you a story, but I'm going to tell you something.

I've been looking at this for a long time. I don't have a commission.

It's Lady Ellis's protection.

But you can't call yourself a goddess, no matter how devoted a believer.

Yes, I'm sorry...

I'm going to give you a little bit of money.

And I said, "Well, I don't know if you believe it."

I'll tell you what, Ellis is my senior goddess.

"I've been so sympathetic to my older sister's faith that she gave me money..."

You know, if you believe in a goddess, you're going to be in trouble!

"Well...

I've brought your registration fee.

The registration fee will be 1,000 Elliss.

Mr. Aqua, it's said that you've received 3,000 yen for one Ellis yen.

Let's not interfere in any of our disturbances.

It looks like I broke the flag with this sister at the starting point.

Good-bye.

And I'm going to tell you that I'm going to ask you to be an adventurer, and I think you both have some idea.

First of all, adventurers are monsters out of town...

I'm talking about someone who's going to take care of everything that's going to harm people.

It's not like that. It's like that.

An adventurer is the name of the people who make their jobs their careers.

"I've got a job, I've got a job, I've got a job, I've got a job."

This is what adventurers do.

You're going to choose your career, your Joes, your old fighting style.

I'd rather be like a wizard than a smudge like you.

The receptionist's sister offered each card before me and Aqua.

It's about the size of a driver's license. It looks like an I.D.

And I'm going to show you what I mean by that, and I'm going to say, "Is there a level in this?"

It's not just that. It's that.

It's called the soul. It's the soul.

We're going to use the word "experts" to describe what we're going to do.

We can't see them with our eyes.

"I'm going to put the card on the table."

"If you have this card, you'll see the experience values that the adventurers have absorbed.

It's going to look something like this. It's going to look like this.

It's a very simple thing to do.

It's a very simple thing to do.

It's commonly called the level-up wall...

And I said, "Well, if you sum up this level, the points for learning new skills and so on, you're going to have to do a lot of hard work, so you're going to have to do it."

"You like games, don't you?"

I see.

As far as I can tell, it's a game.

"I want you both to fill out these documents with height, weight, age, and physical characteristics."

He's 5'5," and he's weighing 55 pounds.

One year, one brown hair, brown eyes...

"No, thank you.

(Laughter)

So I'm going to ask you to fill in the blanks, and then I'm going to give you your status.

And I said, "Well, I'm going to tell you a little bit about how it's going to work, and it's going to help you learn a lot of your limited skills through your career."

It's like I'm in the middle of something.

I was so nervous, I touched the card with an unspoken expectation.

And I said, "Well, thank you."

(Laughter)

Uh...:

It's not like you've got to be strong, you've got to be strong.

And I'm going to tell you a little bit about what's going on here.

Well, luck to adventurers isn't a very necessary number, but...

But if you're lucky, you'll end up doing adventures and be a businessman.

"What's the matter with you?" "Hey, all of a sudden, I was denied my life as an adventurer.

I want to hit the Aqua with Nimah laughing next door.

If I'm weak, you're in trouble too.

And I said, "Well, uh, I'd like you to be an adventurer..."

I'm going to say, "Well, well, if you raise the level and the status rise, you can change!"

"Well, it's not a bad job because it's an early job, because you can learn and use all your trade skills!"

I'm like, "I don't know, I'm like a poor person."

He's really throwing it away.

It's like, I'm like, basic. I'm like, early class.

Anyway, he's got the hardest job in the world.

Still, I'm the kind of adventurer that comes out of the world of games.

I was a little sensitized, and when I got my card with my name, "P" -- "P" -- "P" -- "P" -- that's a little bit lower than average, and luck is worse than average, and all the rest of the status is much more than average -- and I don't know who you are -- but I saw a card that was touched by P... and my sister raised her voice.

It's like the inside of the facility is starting to blow.

I'm going to go to the movies and I'm going to go to the movies and I'm going to go to the movies and I'm going to go to the movies.

But he hated the aqua on his way up there.

"It's not like you're too smart." "You can't be a wizard with high intelligence."

I can't help but wish you a blessing on this wonderful world, Lord Seida, with the greatest defenses.

The most powerful warrior in the world

I'm not sure if I'm going to be able to do that, but I'm going to be able to do it.  
&gt;&gt;I'm going to be a priest. &gt;&gt;I'm going to be a priest.

"Well, I'm sorry I don't have a job as a goddess, but...

It's like, "I'm not sure if I'm an arc-pistole!" "I'm a arc-pistole!"

Welcome to the adventurer Guild, My Lord Aqua.

"I'm looking forward to the future, and the staff is looking forward to it!"

# What is this?

I'm going to tell you a little bit about what's going to happen to me.

This is how adventurers start to live in a foreign world.

And I said, "Well, thank you."

"I'm so tired!" "I'm so tired!" "I'm so tired!" "I'm so tired!"

And I said, "Well, I'll see you guys later!" and they said, "Oh, thank you!

I'm going to tell you about it.

Oh, I've been working all day.

I can't believe I'm the only one who's got a problem with this.

I'm going to go to the city bathhouse.

The bathhouse is not much different from the money water in Japan.

"This is the best day of my life." "This is the best day of my life!" "Oh, my Lady, I'm going to give you one blessing for this wonderful world.

"Well...

He'll come back... he'll be in a hot waterboat... and he'll be able to ease the fatigue of his work.

It's a luxury, it's a medieval place, it's a luxury in a foreign world.

Thank you!

I don't know if it's a long bath longer than a woman, but this is just the Japanese bather's nature.

"What do you want to eat today?"

"I like meat, too."

"Well, then, would you like to go to your inn and ask your dad for a smoke wizard's hamburger?" "No objection!"

So I went to bed, and I went to bed.

At the time, the Aqua lies next to me like it's normal.

"Well, good night." "Well, good night."

...like that.

I've worked a lot today. &gt;&gt;And now I'm feeling comfortable and tired, and I'm going to sleep...

I woke myself up with Mkri.

"What's wrong? I forgot to go to the bathroom before going to bed. Shall I go with you in the dark?"

No, it's not.

"Why do we work like normal people?"

I've been working on an extension of the city walls for two weeks.

I mean, it's a construction crew.

It's not the kind of adventure I've been looking for in this world.

I don't know if you've ever heard of it.

"No, wait, wait, wait, wait, wait, wait, wait."

And he said, "Well, you can't eat without work.

"Well, you know, I've got a lot of work to do, but I've got a lot of stuff to do, like, "Oh, no, no!

"Hey, come on, let's go to sleep!

It's not normal for me to take a room in a room every day.

And I'm going to show you some of the things that I've done.

Like we do now, he rents a stable and sleeps on a straw.

No, no, no, no, no, no, no, no.

Living in a hotel is like sleeping in a hotel in Japan every day.

It's a lot more difficult for an adventurer who's got a poor income.

I mean, I don't know what I'm talking about, but I don't know what I'm talking about, or what I'm doing in a hotel, or what I'm doing with my life.

It wasn't like you'd come out of a game with a simple herb, but there was no sign of a monster killing near the city.

If you take down the monster at random, you won't be able to get any money.

The monsters that lived in the woods near the city were wiped out long ago.

There's no monsters in the woods.

That's true.

Children would be out of town, too.

It's better to get rid of a monster that doesn't come in and out of a forest that's so huge.

It's just that I wasn't really interested in this.

I went into the woods for half a day, and I was able to get enough money for that day's hotel and three meals.

The truth is, there's no such good job.

If you think about it, even Japan, the richest country on the planet, has 43 blessings for this wonderful world.

What is the minimum wage? What is the labor standard?

"And I said, "What are you talking about?"

This is the most distant city from the castle of the Demon King.

"I don't know if I've ever seen anything like this, but I've been thinking about it for a long time."

(Laughter)

So I'm going to show you a couple of examples.

I'm tired of doing all the work.

I didn't come to the other side of the world to work for me.

It's a world without computers and games, but I'm here for adventure.

"What are you talking about?"

Yes, I've been so absorbed in the pleasure of work that I've been forgotten, but I can't leave without Kazma taking down the evil king."

And I said, "Well, let's go kill them!"

You're right. You're a goddess.

"I'm counting on you! I'm counting on you!"

It's a cloud. It's dark blue.

"Oh! Oh! Oh! Oh! Oh!

I made up my mind to run for help, being chased by giant frog monsters

A vast plain outside the city.

We're here because we asked for a quick start in the candlegird.

As a minimum weapon, I'm gonna use shortsaws.

As for Aquaa, if the goddess didn't wave her arms desperately or paint her, she would say stupid things, but now she'd look at me chased by a frog.

Where do you think you're going?

They say that the cages that are better than cattle are bigger than cattle, that when it's time to reproduce, they come to the rurals where there are more goats, and they swallow the goats.

I don't have a whole pile of goats, either.

I'm not sure if it's going to happen.

He's just a giant frog.

A monster that's so fragile, but so dangerous to compare with the weak monsters that

were eliminated in the neighborhood of the city.

Its meat is slightly stiff, but it's white and squirmey, and it's very enjoyable as food.

It's not a problem. It's a problem.

They say that if you want to be rich and you hate metal, if you're really good at your equipment, you're not going to get caught, and you're going to be able to afford to be a great adventurer there.

That's why a good adventurer likes to hunt them...

"Aquar, don't laugh at me forever! Let's start by following me first."

I'll cry and I'll see a frog jumping behind me.

But the frog had a different direction than I had already run away.

And at the end of that gaze...

"Oh, no, I'm going to help you! You're going to worship me!"

When I look at it, the frog that was chasing me stopped moving.

The frog's mouth is full of white.

That white one...

"Aquaar, you're not being eaten!"

I pulled out the shortsaw, and ran toward the frog!

There was a frog lying next to me with my head crushed.

"What's the matter with you?

It seems like the goddess of Eclipse has responded to her prey.

And I said, "Well, you know what?

I'm going to ask you a question.

Let's get some more gear.

I don't even have a short-sized weapon. I'm still in Jersey.

To be honest, I was killed by an amateur when I was a frog when I was trying to catch a frog and stop its prey.

I don't have the courage to face a frog coming up against me in the face.

But the aquas will rise with its saliva all over its body.

"Wuh..."

I'm not sure if I'm going to be able to see a goddess with a frog on her face, and then

I'm going to go back and fall back...

"If a believer sees me as a dirty person, don't trust me! If she finds out I'm a frog, then the beautiful, beautiful name of Aquaa will be destroyed!"

If you look at me as if I'm carrying a few times as many bags as you're carrying with me, and you're sleeping in the stable, and you're sleeping in peace, you're not going to be able to see what you're doing now.

But Aqua, before I could stop him, he ran off to a frog away.

"Oh, wait, wait, wait, wait, wait, wait, wait."

"I'm going to tell you a little bit about the power of God, and I'm going to tell you a little bit about how he got in front of me, and how he had ripped his teeth off!

The frog's soft belly was so broken that it was like nothing had happened...

You're staring at each other, and you're staring at me.

I can't move my prey, I can't move, I can't move, I've knocked down my second oyster, and I've got a goddess who's crying on her face, and I've finished today's slaughter.

A blessing to the great world of 51.

We can't do this alone.

"Let's go back to your city and get some friends."

This is a place where the adventurers are also used as a meeting place for adventurers, as well as a place where monsters can be bought and sold, and where monster food can be sold.

I'm going to have to sell some glydo hex, and I'm going to have to sell some of that meat.

We can't carry a giant frog like that together.

But if I ask the Guild people, they'll take care of the transport service for the monsters they took down.

The price of a frog is 5,000 Elliss for transport service.

I'm not sure how much money I'm making.

I'm surprised you're a little stiff, but I'm surprised you didn't catch a frog in the middle of nowhere.

When I first came to this world, there was resistance to lizards and frogs, but when they were served as regular meals and eaten, there was a surprising amount of good food.

Whenever the goddess in front of me ate any food, she didn't hesitate to eat it.

"But...

And I said, "Well, do you think there's anyone who can get together with us, who's a bunch of us who don't have the fancy equipment to start a party?"

"If you've got a smudge, you're going to have to swallow it."

And I said, "Well, I'm not going to talk to you, but I'm going to tell you what I'm going to do, and I'm going to swallow it and talk."

After all, I'm the top-in-the-line archer. I can use all kinds of healing magic.

You know, every party needs to get out of your throat.

I've got a bunch of people who say, "If you're asking me to take you away from me, please send me a frog, please."

And I'm going to give you a round of applause, and I'm going to give you a round of applause.

"I'm not coming," said Akira.

We've already been waiting for our future hero candidate, and we've been waiting for the tape recorder in the corner of the adventurer Guild.

I don't know.

There's other adventurers out there who're looking for a party.

But they kept going on and on.

I know why no one's coming.

It's like, "Hey, let's get the hurdle down."

The purpose is to destroy the magic king, so I can't help it.

"It's tough to say you're only looking for a high-ranking job."

"I don't know if I'm going to be able to do this, because...

Aquaar's got him, Ax-Prysser's one of his seniors.

I'm not a normal person. I'm a candidate for courage.

Of course, such a brave candidate is already favored at another party...

The Aqua might want to be as powerful as possible to destroy the magic king.

(Laughter)

All of a sudden, I'm gonna be a little narrower on my shoulders if I'm just an elite.

And I said, "Well, you know, I've got to get back to work, and I've got to do something."

"I've seen the recruitment for a higher office, but here's how it's going to be."

The one who's been talking to us was a typical wizard girl with a black cape, a black rope, a black pt, a stick, and a smudge hat.

He's like a doll in his face.

It doesn't seem unusual in this world that children are working...

The little, tiny, tiny girl, with her eyes open, looks like a little 11-year-old girl, and suddenly her eyes open, she's like, "My name is Axewizard!"

No, no, no, no, no, no.

"The red eyes."

"What if you're a Red Charm?" he nodded.

I'm like, "I'm the one who's the greatest wizard of the Red Witch!"

"I'm going to ask you to give me something to eat before I go to the interview."

And at the same time, there's a bleep and a throbbing sound from the side of the wall.

57, bless this wonderful world.

What's wrong with your eye band?

This is a magic item that suppresses my mighty magic...

If there's anything I can do to get this thing off...

"Then there will be great trouble in this world..."

"It's like a seal."

I'm sorry, please don't pull!

When I explain it to Kazma, they have a very high intelligence and strong magic in them, and most of them have the qualities of becoming wizards.

The Red Charms, whose names are marked by a red accent and...

And each of them has a strange name."

Well...

I thought you were kidding me.

I'm going to have my eyes free, and I'm going to try to relax.

"I don't think that's a funny name.

And I'm like, "Well, I don't know, I don't know, I don't know, but if you're right, I think the people in town have a weird name.

My father was very quiet and silent with me.

"Oh, hey, if you have anything to say about my parents' names, why don't you ask me?"

She's like, "Oh, no, I can't fake an adventure card, and she's an advanced, powerful attack wizard, and she's an arc wizard.

The card has high magical value, and I'm sure you can count on it.

She said, "If you really can use explosive magic, how great is it?

And I said, "Well, you can ask for something."

I'm Kazma.

This is Aqua.

"I'm so sorry, I'm so sorry.

"The Ark-President is an illusion!"

"The blasting magic is the most powerful magic of all."

(Laughter)

And I said, "Well, I'm going to go to the airport and I'm going to ask you to stop that frog until it's ready."

When did you see a frog in the open plain and a long way away?

The frog was coming toward us.

But you can see another frog heading towards us from the other side.

"Make the faraway frog a magical target.

The closest one is...

Come on, Aqua.

This time, it's a Rvenge.

"What's wrong with you?" "What's wrong with you?

I'm like, "Well, sometimes I talk about things like this, but I want you to leave them alone as much as you can."

"I'm not going to do this," he said. "I'm going to do this."

I'm going to show you the power of a frog that's hard to beat, but this time I'm going to show you the power of a goddess!

I'm afraid it's a goddess and she's buying me time.

And the air around the barn trembled with excitement.

I know that the magic you're trying to use is in trouble, even if I don't know it.

The voice of the stammering of the fallen spell grows, and a sweat flows through the temple's temple.

(Laughter)

"This is the most powerful means of attack man can make... and this is the ultimate magic of attack."

A blessing on this wonderful world!

It's a beautiful place. It's a beautiful place.

"What's the matter with you?"

Its light, released from the tip of the rod, is so far away that it is sucked into by a frog that approaches us...

And with the thundering sound of the thunder, the frogs burst forth, and the sound of the thunder, and the sound of the explosion, and the sound of the explosion of the frog, and the sound of the sound of the explosion.

I'm afraid I'm going to be blown away by a terrible blast, but I'm going to step on my feet and cover my face

When the smoke cleared, the frog's location had a crater of more than 20 meters, and it described the awesomeness of the explosion.

I'm like, "What are you doing?"

"Is this magic?" "I'm impressed by the magic power of the moon.

Did you wake up with the sound of magic and shock, or did a frog slip out of the

ground?

And I'm going to tell you a little bit about how these frogs survive in this plain, where it's not raining, and there's no water source.

The frog is trying to crawl out near the fence, but its behavior is very slow.

I'm sure you'll be able to get away from the frog as far as the plow is from the frog and get rid of it with the explosion magic.

I'm going to go to a place like this, and I'm going to go to a place like this, and I'm going to go to a place like this, and I'm going to go to a place like this, and I'm going to go to a place like this.

I'm gonna stop moving.

There was a warts lying down there.

I'm just saying, "Well..."

My secret, the blasting magic, is the most powerful force I have ever seen, and the most powerful force in my life.

I can't move because I've used more magic than I can handle.

(Laughter)

It's... it's a mess.

They're gonna eat you.

"I'm sorry, I'm sorry, I'm so sorry, I'm so sorry, I'm so sorry...

I've managed to find a way to complete the quest for five Giant Toads within three days.

63, blessed is this wonderful world.

Pfft...

It stinks.

"It's like it's a dead end." "It's like a dead end." "It's like a dead end."

"The frog's body smells good, but it's warm...

And then I started to get more and more knowledge that I didn't want to know...

It's said that those who use magic, if they use magic beyond the limits of their magic, will be reduced to life force instead of magic.

They say that if you use big magic in a state where your magic is running out, it can be fatal.

I'm not going to be able to do that.

From now on, I want you to work hard with other magic.

"I can't use it." "I can't use it."

You've got to put more effort into my grip, and your thin chest has been pressed against my back.

I don't know if it's going to work.

"I can't do anything else," "I can't do anything else." "I can't do anything else." "I can't do this." "I can't do this."

"What do you mean you can't use only explosive magic? If you've got enough skill points to learn how to blow up magic, why haven't you learned other magic?"

Look at me like that. Aqua will explain to you.

And I said, "Well, what's the point of skill?"

The better you are, the more initial points you get.

For example, I've learned all the partyry skills and then blessed the wonderful world of A765!

And I said, "Well, you know what?"

For example, people who don't like water usually need more points than normal when they learn ice bonds and water attributes skills.

. . .and say that the magic of the blast system is a complex attribute, but it requires a

deep knowledge of fire and wind lines.

I mean, if you can learn the magic of the blast system, you can easily learn the magic of other attributes."

So, when do you use banqueting skills?

"I love the bomb wizard so much.

I don't like the magic of the explosive system.

I don't know what that means, but I don't know what it means.

(Laughter)

And I said, "Well, I'm not going to do that."

Fire, water, soil, wind.

It's a little bit more complicated than that.

...but I can't.

I can only love him with my blasting magic.

Even if I can't get one shot a day.

Even if you fall after using magic.

"But I can't love anything but explosives, because I chose the path of the Arkwizard just to use the blasting magic!"

That's the evidence that Aqua is in sync with it.

I'm afraid I can't use this goddess in my fight with these two frogs.

I'm not sure if he's the only one who's a problem anymore.

All right, I got it.

"I see."

It's probably the way to go, but good luck.

Well, I guess it's about time we saw the city.

Well, let's split up this reward when we get to Guard.

"Well, yeah, well, well, if there's a chance, I'll see you at least one blessing on this wonderful world.

Uh...

All I want is to release the blasting magic.

I don't know if I'm going to be able to do that, but I don't know what I'm going to do.

"Well, I'm going to give you some food, a bath, and some other crap, and my power as an arc wizard is going to be just a little bit of food money!"

Yeah, well, the power of the hammer is a treasure to us.

A regular wizard is enough to start out like us.

You know, I'm like, "Well, you know, I'm like, you know, I'm like, "Hey, I'm the weakest adventurer I've ever had, but I'm trying so hard to get him out as soon as I get to Gilard.

But I'm not letting you walk away from my hand.

I'm like, "No, no, no, it's okay.

I'm a senior, but I'm still running.

Level six, sir.

It's a little bit more complicated than that.

"Oh, no, no, no, no, no, no, no.

Don't worry, you've probably been dumped in other pussies, or maybe even in Dunjon, but you can't use a bomb, and it's useless.

Hey, hey, let me go.

"Don't give up on me! I'm going to throw away my money!" "Don't throw away my money!" "Don't throw away my things!"

We're already in the city, so you can just look at it and say, "Oh, no, no, no, no.

He's about to throw that little girl away... and he's like, "I'm taking a little girl with some sort of mucous fluid."

What kind of play did he play?

He hated it when he heard it.

(Laughter)

Girls stand out when they're together.

"I'll be happy to see you in this wonderful world." "Oh, thank you!

And I said, "Well, you know, if you're going to play any game, you can play any game.

We'll kill five giant toads within three days.

I've confirmed your quest is complete.

"Thank you very much."

I was a little nervous, but I didn't know what to do, so I went to the public bath, and the sticky aquamarines, they were just as disgusting as they were, and I could get the

misunderstanding wrong.

I've been thinking about it for a long time, but I've been thinking about it for a long time, and I've been thinking about what's going to happen with the whole thing, because the frog that's killed so hard, it's going to be destroyed by the blasting magic.

I showed him my card and the card I had taken from the wallet, and the receptionist put it on the counter, and he was just checking it out.

I think it's the result of the development of magic instead of science.

When I look at my card again, it's written as an adventurer level 4.

I've been told that that frog is the kind of monster that's going to be able to raise a level for adventurers, and I've hunted four frogs alone, and that's all I know.

The lower the human level, the faster the growth.

I don't know if you've ever heard of it.

And I said, "Well, you know what?"

"You're going to be strong, aren't you?"

All things in the world hold the soul in its body.

It's not just that. It's that.

And I'm going to tell you that I'm going to do something about it, and I'm going to do something about it, and I'm going to do something about it, and I'm going to do it.

This place is really like a game.

It says "three."

I'm going to show you how to do that.

"I'm going to give you an example of what I'm going to do."

You'll see. Ten thousand.

It's like, you know, this big frog, he buys it for about 5,000 yen a trip.

And the reward for killing five frogs is 100,000 yen.

Aqua says it's done by four to six people in a party.

to go to go to a place where you're going to go to go to go to go to go to go  
to go to go to go to go to go to go to go to go to be be be be be be a place

It's not a party, it's a party.

It's not worth it.

It's only a day's work.

I'm not sure I'm going to be able to do that.

If I had had another frog today, I would have been eaten and no one could help me, and  
I would have been wiped out.

I don't know what to think, but it scares me.

When I looked through the other ones, the ones that stood in line...

I want you to teach your son how to use swords.

I'm looking for a drill for magic experiments.

It's not easy to live in this world.

The second day of my adventure, I wanted to go back to Japan.

"I'm sorry, can I...?" "I'm sorry, can I just...?"

And I said, "Well, I don't know if that's true."

She's an extremely beautiful woman.

"I don't know what I'm talking about."

He's a little taller than I am.

My height is 165 centimeters.

I'm not sure if I'm going to be able to do that.

She was a beautiful, blonde-eyed woman wrapped in a thick metal armor.

I wonder if he's a little older than me.

"I don't know what you're talking about."

I'm not sure I'm going to make you feel like you're being mean to me.

What are you going to do?

"What is it?" "What is it?" "What is it?"

It's a long way from home.

I'm sorry.

I said, "Well, I'm going to ask you a question, and I'm going to ask you, "Is this a recruitment party for you?

You know, I've had a lot of fun.

And I said, "Well, we're still looking for a party member.

But I don't think I'm going to be the first person to say, "I'm going to go to the party and I'm going to go to the party."

What?

Knights of Women.

There he is.

I was sitting in a nearby chair, and I was getting homesick, and I heard a sound from behind, and I said, "Oh, no, no, wait, wait, there's a party.

And I said, "Well, you know what?

Two girls who haven't grown up with that kind of thing. I can't let them get away with it.

I don't know. I'm an advanced knight named Kruseider.

"I think it's also true of the recruitment terms."

(Laughter) (Applause)

He's the type of guy that leads to Aqua Resident.

She's beautiful, but I can't help it.

Seven hundred and seventy-seven blessings for this wonderful world.

One of my colleagues doesn't know what he's doing, and the other one can only shoot magic once a day.

And I'm the weakest man in the world.

I'm going to have a Bonko party, and I'm going to take the rest of the place... and I'm going to put more effort into the hands of the knights.

And I'm like, "Well, it's really convenient, actually, but I'm confident in strength and endurance, but I'm clumsy..."

"Well, I don't know if I've ever seen anything like this, but... there's no way that the attack will ever come at all."

"I'm not going to be able to do this."

"I want you to use it as a shield, because I'm coming before Gungan, and I want you to use it."

My face is so close! I'm looking down from my face because I'm sitting, but my knight Sara's blonde gets excited on my cheek.

It's just that there's a lot of long-term addiction in this place.

And I said, "No, no, no, no, no, no, no, no, no, no."

If you're a monster, that's what you're going to be beaten up by a monster every time.

And I'm going to tell you that today, two of my friends were eaten by frogs, and that's going to continue every day.

A knight holding my hand with his red cheek.

And when I saw it, I realized.

We're not good enough, we're not good enough.

79, blessed for this wonderful world... a goddess... who's got two women and a man's harem party... and no trace of color.

(Laughter)

"Are you learning skills?"

(Laughter)

And that's what we're going to do.

I'm going to give you a few examples of how to do this.

So if you pick a point and you choose it, it'll be done."

The sister of the receptionist said that the early adventurers were capable of mastering all skills.

So you're saying that if you teach me how to do it, then I'll be able to use the blasting magic?

And he said, "Well, that's right, Kazma!

I'd like to learn how to blow up magic, and I'd say it's a very old woman's appetite.

"Hey.

And I said, "I'm going to ask you, how do you learn your skills?"

We were having late lunch at the bar in Guido.

He's got no money in front of me, he's got no money, he's got no money, he can't eat shit until he sees us.

I'm going to show you how much I love this wonderful world.

I'm going to go down and I'm going to see if I can learn three points right now.

"If the adventurer wants to learn how to blow-up magic, he's not going to do it with a single skill point or 20.

"I can wait, I can't wait, I can't... I can't do that."

But my profession, my adventurer's only advantage is that I can master all my skills, so I'd like to learn a lot of skill if I can.

And I said, "What's wrong with you?"

You have a lot of useful skills, don't you?

"I don't have a lot of points to learn, I don't have a lot to learn, I don't have a good feeling about it."

I don't know who he is.

And I said, "I don't know if I'm going to be able to do this, but I'm not going to have half the skill, because I'm not going to teach anyone how to do it."

I watch Aqua with my skills while I'm dazed.

And I said, "Well, you know what?"

I'm going to put this glass of water on my head.

"You know, why don't you do it?"

It's a little bit more complicated than that.

And I said, "Well, you know what?"

"The seeds that suck up the waters of the pops are so shiny!" "Yes, I'm one blessing to this wonderful world.

I don't know what you're depressed about, but I want you to put down a cup on your head from a prominent point of view.

"That's a town!" he said, "that's a town!

So, look, there were two women on the tape next door.

The only thing that's ever called out to me is a girl in leather armor and a pretty dress.

There's a little sword wound on her cheek, a little bit squirmly, but she's a bright, silver-headed girl.

There's a long blonde lady next to me wearing a full plate mael.

It's cool, it's annoying, it's cool, it's cool...

She was the knight who wanted to join the party the other day.

I don't know if the thief's only two years younger than me.

And I said, "Well, what do you have for stealing skills?"

And I said, "Well, you know what?"

You can use your bandit skills.

I'm going to give it to Mr. Kovaks for immediate decommission.

You've got a lot of good skills.

You're an early-age adventurer, and it's easy to learn the skill of thieves.

If you really want me to teach you how to steal, you can rely on other bandits.

I'm going to say, "Okay, I'm going to ask you for a cold klim zombie."

I'm Chris.

As you can see, he's a thief.

(Laughter)

"Did I tell you about this kid's career yesterday?

I'm going to give you an example of what I'm going to show you.

I'd like to thank you for the wonderful world of 285, the goddess, 84 of me and Chris, and the three of the Dukes, standing in the unintended square.

By the way, I left the two of my men behind with the tape.

"Well, then, let's take a look at the enemy and his hideout."

There's no trap in town like this.

"Well, don't you think that's a good idea?"

It's a little bit more complicated than that.

And then he threw a stone at the head of the Dukes and hid himself in the tar.

You're just gonna say this is some kind of hiding skill?

- Daquenes, who's been hit by a stone, walks in silence with Stista and all the rest of it.

"Friend Sensitive..."

I'm going to have to teach you something. &lt;i&gt;An enemy sense.&lt;/i&gt;&lt;/i&gt;  
&lt;i&gt; &lt;i&gt;I think I'm going to feel like I'm angry.&lt;/i&gt;

I'm sure you'll really learn your skills...

(Laughter)

So let's try my best, my best, and my theft.

It's the skill to take whatever things you want to carry away.

It's a weapon that you're holding on to, it's a wallet in the back, it's a wallet in the back,

it's a bag in the back, it's a bag in the back, it's a bag in the back, it's a bag in the back,  
it's a bag in the back, it's a bag in the back, it's a bag in the back, it's a bag in the back,  
it's a bag in the back, it's a gun in the back, it's a gun in the back, it's a gun in the back,  
it's a gun in the back, it's a gun in the back, it's a gun in the back, it's a gun in the back.

So let's look at some of these examples.

"You know, I've been working on this for a long time, and I've been working on it, and  
I've been working on it, and I've been working on it for a long time, and I've been  
working on it for a long time, and I've been working on it for a long time, and I've been  
working on it for a long time, and I've been working on it for a long time, and I've been  
working on it for a long time, and I've been working on it for a long time, and I've been  
working on it for a long time, and I've been working on it for a long time, and I've been  
working on it for a long time, and I've been working on it for a long time, and I've been  
working on it for a long time, and I've been working on it for a long time.

Well, I'm sure stealing skills are gonna be pretty good.

I'm lucky. I'm lucky.

And I said, "Well, I'm going to use it for you."

It's...

"Oh, my wallet!"

I'm going to give you one blessing on this wonderful world.

I'm going to give it back to you. I'm going to give it back to you.

I'm going to play a game with you, I'm going to play with you.

So you can take something from me with Steele.

That's why I don't complain if my wallet is my weapon.

If it's the inside of this light wallet, it's definitely worth more than the inside of my wallet or the weapon.

"No matter what thing you take from me, you're going to switch with this wallet of yours.

But, I think,

They say I'm very lucky... and I can take something away from them.

That doesn't mean you don't get anything if your skills fail.

I'll... I'll do it.

I'm so proud of you and I'm so proud of you!

It's a little bit more complicated than that.

I'm not going to be able to do this.

I don't know what I'm talking about, but I don't know what I'm talking about.

So if you look at this data set, you'll see that it's going to take three points of skill points, and the remaining skill points are going to be zero.

(Laughter)

"I learned fast.

And I said, "Well, you know, I'm not going to do that, and I'm going to do it, and I'm going to do it, and I'm going to do it!

And he said, "Well, I like you, because you're a good guy.

"Oh, that's right!" I said, "That's right, that's right!

If you think you're confident, that's what this is!

I'm going to ask you a question.

No skill is perfect.

There's always a counterbalance for any skill you want.

And I'm like, "Oh my God, I'm so excited about this!

This isn't Japan. It's a world of weak flesh and blood.

It's the sweetest thing I've ever seen.

And just because the game's been bad doesn't mean it's still going to be a bad prize.

"All right, I'm going to do this! I'm going to do this!

He said the odds of success are good luck, but he seems to be lucky.

And when I expand what I've got and see it as real...

It was a piece of white cloth.

I spread it out with my hands and I looked at it in the sun...

"Oh, oh, oh, oh, oh, oh, oh, oh, oh!

I'm going to buy it, and I'm going to buy it, and I'm going to pay it again!

When I saw the success of a single shot, I still felt as if my luck was one blessing on this wonderful world, from 90 to 90!

"What's a trick?" "What's a trick?"

I'm not a entertainer, so I can't take money with a trick.

It's not like I was going to show you how I'm going to do it.

"What's wrong with that guy?"

And then, before I could explain, Daxnes opened his mouth.

I'm sorry.

I'm like, "Hey, what are you talking about?"

And I said, "Well, I'm going to pay you back, and I'm going to pay you back."

And I thought, well, if I wasn't satisfied with the price that I'm offering, then I wouldn't be surprised that Chris was going to have to live with my family's home treasure.

After all, I've been crying and I've offered my wallet and my wallet.

I'm curious about the glances on the Aquaa and on the words of Duquenes, but then I looked up at Chris, who was depressed.

"I'm sorry, but I'm going to have to pick up some very profitable Dan! He's holding me in his underwear and lost my money!"

It's been a long time since I've been here, and I've been waiting for something so cold  
in the eyes of women adventurers other than the Aquaa and the Wands.

I was so scared by that cold look on my face that Chris laughed, and then he made a little bit of money, so I would play around, and I'd say, "Well, don't let me do this sort of back-up.

A blessing to this wonderful world!

And I said, "Well, aren't you going?"

"Oh, my God.

I'm a front guard.

There's no such thing as a prefect.

It's not easy, but it's not easy.

"There's a lot of demand for Chris's money," he said, "that's true, that's true.

I'm not sure if I'm going to be able to get out of Guild soon enough.

And I said, "Well, I'm not going to do that."

And I'm like, "Well, it's almost evening, and Chris is going to go on a Dunjon expedition?"

And I'm going to go to Dhampir, and I'm going to go to Dang John.

And I'm going to show you a couple of examples.

"What's the matter with you?

And I said, "Well, you know, look at that."

"What's going on?" "What's going on?

"You're supposed to be the skill of taking something at random, taking something at random!"

It was Daxnes, who kicked his chair and stood up.

His eyes were shining for some reason...

And I said, "Well, what's wrong with that?"

It wasn't hard for me to see how you could take away such a young girl's underwear from the public!

I don't know what to say, but this knight is definitely a bad type.

And I said, "Hey, Kazma, who's this guy who came to the interview yesterday while I was taking a bath?"

I don't have a reason to say, "No, no, no, no.

Oh, my God.

I never wanted to see these two, but...

It's like, "What's wrong with you?"

"I'm going to go back to the beginning, and I'm going to go back to the beginning, and I'm going to go back to the beginning, and I'm going to go back to the beginning, and I'm going to go back to the beginning, and I'm going to go back to the beginning, and I'm going to go back to the beginning, and I'm going to go back to the beginning, and I'm going to go back to the beginning."

I don't care what you're talking about.

No, I think it might be convenient.

"It's just a good opportunity to ask you a question.

Me and Aqua, we want to defeat the Witch King.

You look like you're fighting. We became adventurers for that.

That's why our adventures are going to be brutal.

"Oh, that's right, that's right, that's right, that's right, that's right, that's right.

...and we'll come back later.

Fighter: "Listen to me.

It's the Witch King.

He's trying to sell his fight to the greatest being in the world.

You don't have to force yourself to go to such a party... but you have to give a blessing to this wonderful world.

I've got to get up and kick a chair.

I'm going to have to do it again.

I'll show you with the greatest magic I've ever seen!

You can't do this.

Don't look so confident.

I don't know what to do.

And when I'm depressed, I'll pull my sleeve off when I'm ready.

(Laughter)

"Is there any way that you can kill the King of the Dead?"

...and then...

[Exeunt.]

"It's time to go back to the beginning of the day, and every member of the adventurers in the city, the quick adventurer Guild, gather together in the "Estabourus!"

I wonder if they're expanding their sounds with magic or something.

"Hey, what's the emergency challenge? What's the monster coming to the city?"

Duquenes said in a loud voice.

It's like, "Oh, I'm not sure if it's a cabbage crop.

"It's about time for the harvest," he said, "what's the name of the monster?"

And I said, "Well, you know what?"

"Hey, I'm talking about a nice, chewy, toothy vegetable." "I know that's an emergency!"

What's that?

And then I heard a cheer outside the adventurer Guido.

I've been working on that since then, but I'm not here to farm here.

"Well..."

"Well, I don't know what Kazma is, but the cabbages in this world..."

I'm sure everyone will be aware of this, but the cabbage harvest season has arrived this year! This year's cabbages are very good, and 10,000 Elliss for a single crop!

And I'm going to ask you to get as many cabbages as you can, and put them here, and don't get hurt by the cabbage!

And then, suddenly, I was standing in the middle of a scene that I didn't understand.

"The cabbages of this world will fly.

And when the season comes, when the flavor becomes concentrated, when the harvest is near, it's not so easy to be eaten.

They are said to run across continents and across the grasslands, and at the end, they can't be eaten by anyone, and they can't take their breath.

"Well, then, we'll catch up with them, and we'll eat 'cause they'll say, 'Can we go back

to the stable and sleep?"

I'm sure they're also hot-blooded animals, inspired by the cabbages who live so hard for this moment, and I wonder what's so sad about them that they have to fight to death against them.

I want to go back to J.

I'm going to give you one blessing on this wonderful world.

"Why is it so delicious with cabbage vegetable soup?"

"I don't get it, I don't get it, I don't get it."

It's going to be a pretty good money, so I'm the one who ended up hunting cabbages, but I'm a little sorry.

I'm not here to fight cabbage.

"But you're the Krishnader!" he said, "but you shouldn't be."

I'm clumsy. I can't move fast.

It's the only way you can be a wall to protect yourself.

That's... that's... that's... that's... that's great.

I'm not sure if I'd been surprised to find a bunch of monsters that came to town after

cabbage.

I've been given the title of the four most incredible faces of all the other adventurers...  
...and I'm so sorry.

It's more than that, and it's the gentle, gentle action of Kazma.

"And when I was surrounded by cabbages and monsters, and I was so thirsty, Kazmaw showed up and picked up the cabbages that were coming to me."

"Yes, it's like a vivid assassin attacking a cabbage with an enemy's skill and quick backstabbing and a whip-sharp attack."

In this time of hunting, only one goddess chases the cabbage at will, and no effort is made to wipe her mouth with grace, and she's dumb.

I'm going to call you by that name and I'm going to slap you!

It's an emergency.

103, bless this wonderful world.

His name is Daknes.

It's Krüseider.

I'm using two swords at least, but don't expect them to be too good for you.

After all, it's so clumsy that there's hardly any attack.

But I'm really good at being a wall.

I'll take care of it.

We've got more than one of them.

(Laughter)

I'm going to tell you a little bit about this, and I'm going to tell you a little bit about this, you know, my party, it's starting to get really gorgeous.

And Daknes of Kürseider, high-ranking front guard of defense.

Three out of four of you are going to go to a party like that. Thanks to the wizard who only uses one magic a day.

I don't usually say no if I'm a regular friend.

Because she's beautiful.

But this Daxness.

There's no attack at all.

She's pretty, though.

It seems that they're not taking any aggressive skills that make them so good at handling weapons, that they're putting skill points into defense skills, so they don't take any of the skills that a regular front guard can learn to do.

She looks cool, but she doesn't deserve it.

And they want to get into the middle of a pack of monsters.

It may be nice to have the strongest desire to protect the weak and to protect the others.

Oh, I didn't like it when I was beaten up by a bunch of cabbages and monsters.

I think I'm the only former guard at this party, so don't hesitate to use me as bait or as a wall.

If you think it's dangerous, you'll be abandoned as a pawn.

I can't believe it!

This is... this is it.

It's free dom.

You're such a cool woman, but in my eyes, you're no longer just a pervert.

I'm like, "That's wrong.

(Laughter)

"I'm going to have to make sure that I'm doing my best."

I'm so proud of you, Krülder, to protect the Iron Wall.

I was so excited to hear that I couldn't help but feel that I was going to suffer.

That's two levels up in the cabbage hunt.

Why would I just catch a cabbage and get up when I didn't beat it?

(Laughter)

There were lots of places I wanted to pee, but when I thought about it, my head would get hurt, so I wanted to pass.

In this world, if you care about anything, you'll lose.

It was a reward for 10,000 carbets, but it's because they get experience when they eat the marked cabbage.

I mean, adventurers with money can be strong enough to eat.

It's a very simple thing to do.

I don't care why a level like this happens when you go up, or why a roll-playing game like this happens.

I've told you so many times, but if you care, you lose.

The current skill point is two points.

I met you when you were hunting cabbage, and you taught me the wizards of other parties and the swordsman how to sword and how to use a sword.

One point for each skill training.

I'm going to tell you a little bit about this.

Now I can handle the sword as well as anyone.

The point was empty again, but I wanted to remember more than the sword.

There's no one in the world that doesn't want to use magic.

I've got six fucking adventurers.

And I'm going to give you a little bit of advice on how to do it.

They say there's no such thing as first attribute magic, first attribute magic, fake magic, and usually no first grade, and a lot of wizards learn medium magic.

Let's see if we can figure out how to do this.

If you're going to eat so many points like this, you're not going to be very good at magic.

Some of them don't have any talent and are born with skills points.

It's said that if you're good at picking up advanced jobs from the beginning, your initial skills are often more than one or two.

I'm going to tell you a little bit about this.

So let's look at how we can do this.

...so don't think deeply about it.

I'm learning skills. I'm becoming an adventurer.

So I'm going to do something about my gear.

Sometimes I change clothes that I bought here, but only a short-sawed pair of Jerseys.

I'm gonna need a chop, and I'm gonna need one of those.

"I'm going to go to the armor store, and I'm going to go to the store, and I'm going to go to the store, because I'm going to wear my skills first, and I'm going to wear my skills first, and then I'm going to go shopping.

And I said, "Well, I'm not going to do that."

"I'm a Jersey, but I'm like you, aren't you?

You're wearing a delicately colored, pale, purple-colored feather suited with

aquamarine's water-colored hair and water - colored eyes.

I'm going to go to a restaurant, and I'm going to go to a restaurant, and I'm going to put on my sleeping clothes every day, and then I'm going to wash my feathers in a bucket, and I'm going to wash them, and I'm going to wash them, and I'm going to put them on my horse, and I'm going to put them on.

I saw her dry with straw in the place where she dried the straw.

And he said, "You're a fool. You're a fool."

You seem to have forgotten, but I'm a goddess.

"You're not going to have any more equipment in this world, are you?"

"That's a good thing.

If you're in trouble, let's sell your amulets.

"Well, I'm not sure if I'm going to sell it, but I'm going to say, "Well, it's leather, but I'm going to have to do something for you."

And I'm going to tell you a little bit about what it looks like when Kazma looks like a good adventurer.

I'd like to ask you if you've never seen anything like an adventurer or just a suspicious person.

I was so excited about it, and I was so excited about it, and I was so excited about it, from Aqua, and I was just wandering around in Jersey, and I complained that I was losing my fantasy.

He said it would be better to keep one hand free when using magic skills.

I'm going to try to learn magic, because it's so boring, and I'm going to learn it as a first grader, so I'm going to shout a single - edged sword without a shield, and I'm going to do it in a style that looks like a magic sword.

I got a lot less money out of my stick with Chris, but I've got it.

But if you tell everyone that nod nods, it'll make you nervous.

I'm going to give you an example of what I'm going to do if you're going to go to the capital for a week or two and you're going to try to go to the capital.

The frog is easy to defeat and the method of attack is only a verbal prey.

We can sell frogs for food, so we can make money.

It's said that when you're wearing thin equipment, you're being eaten.

"I'll be a good shield for Aqua and Ha Ni."

They've been eaten by frogs before, so they're having a trauma.

He's got a little bit of a little bit of mucous stuff on his head.

"I'm going to go out there and I'm going to go out there and I'm going to go out there and I'm going."

"What's wrong with you?"

"You're probably not a little excited about it, aren't you?"

He wouldn't go hunting frogs alone if he didn't look away.

And I said, "Well, I don't know if you're going to do this, but I'm going to do this."

And when he hears that, he's gonna tell me like he made a fool of me.

It's like, "That's why I'm here."

"Well, I know that Kazma's only one of the weakest jobs in the world, but I'm the first one to be careful, but I'm the one to start with that."

I'm going to say, "Well, I'm not going to do this, but I'm not going to do anything yet."

Easy. Aquaa's got my word on it.

That's what I'm gonna do.

And I said, "Well, you know what?"

I want you to know that I've got a gift from God free of charge, and I've got a lot more than my ability!

"What's the matter with you?

I'm still a goddess... and I'm still a goddess.

"The goddess 11 and the goddess will lead the braves and fight the evil king, and she will keep up her time in this cabbage hunt, and you'll catch up with a lot of things, and she'll say, "It's like you've got a lot of trouble, but you've got a lot of trouble, and you're just crying, and you'll be crying, and you'll be all right.

But Aqua, I guess, didn't feel like I was ready to finish this.

I'm not sure what I'm going to do.

I'm gonna laugh at that aqua.

"Did you think that I was a professional gamer who was constantly skipping high school as a professional gamer and didn't think anything of this kind?"

Look, Aqua.

I don't have the most powerful character in the story.

But I've grown up in Japan.

So I thought, why don't I sell something that's easy to make and that's not Japanese in the world?

Look, I'm lucky.

So I thought, well, what if I didn't do business, my sister told me that if I didn't do it, I wouldn't just try to fight and eat with adventurers and think about other ways.

"Well, the Japanese have the same knowledge, but bless this wonderful world!

I don't know what they're talking about.

I don't know what you're talking about.

So far, we only hunt frogs and cabbages.

I think the price of life in this world is too low.

In fact, I'm not sure that I'm going to get a good view of this, although I'm going to tell Aquaa what he's thinking about.

I'm trying to figure out how I can make the easiest living in this world.

And I'm going to tell you something, and you're going to have to think about something that's easy to do and make money!

And that's how Daxness came back to us.

"What are you doing?" "What are you doing?"

If you're stressed out...

I don't care if you curse me on behalf of the Aqua.

"It's my desire to take the place of someone who's going to be a cruxader and someone else's."

You know, I'm not sure if I'm getting everybody's attention, or if I'm crying, or if I'm in the middle of my arm with my face buried, it's a little bludgeoning me.

"Don't worry about him.

"But..." I saw the Dukenes as a tiara.

I'm going to show you a picture of a guy who's wearing a black skirt and a black tank top and a leatherbrush.

He looks more like a swordsman than a knight.

When I was a little girl, I was in the hospital, and I was in the hospital,

and I was in the hospital.

I'm so sorry. I've been a little embarrassed by the little dacades.

A blessing to this wonderful world, My Lady.

Duquenes is a tough guy, like he's got to be tough, like he's hot, like he's hot.

It was a strange sight, but it was a strange sight.

"When you're pretty and your body is good, you're even willing to look at some of your character's failures and say, "Well, now you've got this bitch that's got me so hot!"

I don't care how good you look.

And you know what?

"Hey, let's hear what you saw right now." It doesn't make sense.

"I'm just glad I didn't have the Lolicon attributes."

"Well, let's get out of here."

"What's going on?" "What's going on?" "What's going on?"

And I'm going to tell you a little bit about this.

You didn't make it.

They don't come out and defeat their enemies like warriors, and they like to hunt for demons like wizards.

It's not like they're going to destroy it with a twist.

That's why the Ping dead are a monster that runs counter to God's theory of immortality.

All of God's power is at work against them.

"You know, when you're in a coma and you're in a coma and you're in a coma, you're going to collapse."

It's almost common sense in most games.

Recovering magic can be used as a weapon for the undead.

Here we are.

If I can build this goddess...

A flash, and then I hit it.

I had a lot of status when my level went up.

So, what about Aquaa?

And I said, "What's wrong with you?"

"The problem is that the armor of the Dukes has not yet returned..."

"Well, I don't have a problem with that.

I'm not specializing in defense skills.

Even without armor, I'm more confident than Adamanmeyi.

And when I'm beaten, I feel better without armor.

"Now Daxnes looks at the Aqua, still lying on the tape."

"Hey, don't keep up with the conversation, you're on your level right now..."

And then I realized...

Aqua was tired of crying and sleeping.

On a hill outside of my city.

There's a cemetery where people who don't have money and who don't have close friends are buried.

The way this world is buried is by burial.

I'm just gonna bury it in the ground.

And I'm going to tell you a little bit about this.

It's about time. It's about time.

We now camped around the grave for the night.

I'm like, "Oh, my God, that's the kind of meat that I've got my eye on! Come on, eat this vegetable!

Seven children, this goddess...

121, blessed for this wonderful world, a goddess, 120, and the quest to destroy the Sung Monster, but I took it very easy.

He's a kind of demon who controls zombies, who's going to move on to a good body, and he's going to control a few zombies instead of working for them.

I took it because I thought he was a monster who could take down an adventurer's party.

It wouldn't be too dangerous if you're not wearing armor.

I was so hungry that I poured coffee powder into a mug, waterd it with a magic called "Creation Warner," and burned it under a mug with a fire magic called "Tinderj."

The first wizard to teach me how to hunt cabbage.

Tierander's magic was used as his name suggests, and he didn't say he was capable of killing.

But it's valuable instead of a lighter.

He looked at me like that, and he gave me his cup with a look that looked complicated.

Excuse me, please, water for me.

(Laughter)

And I said, "Well, I'm going to tell you that I'm not going to use first place magic, but I think it's really useful to look at them."

And I said, "Well, you know, I don't know what you're talking about."

Oh, yeah.

"It's created Earth!" I said, "What is this magic?"

It's not just magic, it's not magic.

And he said, "Well, the soil that you've created with that magic, it's good to be used for fields and so on."

That's all I'm saying."

"What are you going to do?" "What are you going to do? You're going to turn into a farmer?

"Oh, oh, oh, oh, my God!

"A goddess with a dust dust in her eye will bless this purple world with one blessing on the ground of 123, the goddess of the goddess, 122..." "No, no, I don't want to use it like that!"

"Hey, Kazma, why don't you take the challenge and kill the zombie maker?

Aqua said something like that.

And I said, "Well, I'm not going to do that."

Today, we're going to destroy the zombie maker.

And I'm going to put those damn zombies back in the ground.

And then he goes home and sleeps in a stable.

I'll be right back.

And I said, "Well, you know what?

It was about time.

Chris taught me to take the lead in the enemy sensory skills we walk to the cemetery

I'm usually concerned about the words Aqua might have said, but she's usually talking about things that aren't crazy, and she won't care much.

I don't think so.

"What's that?

You've got an enemy signature.

I've heard there's only two or three zombies around here.

Well, if it's this big, then it's an error range...

When I think about it, the blue light runs in the middle of the grave.

It's a beautiful blue light.

Its blue light, which looks so far away, is a large circle of magic.

I saw a shadow of a black rope next to that magic band.

I'm not sure what I'm talking about.

three, three, three, three, three,,, three, three, three, three, three, three, three,  
three, three, three, three, three, three, three, three, three, three, three, three,  
three, three, three, three, three, three, three, three, three, three, three, three,  
three, three, three, three, three, three, three, three, three, three, three, three,  
three, three, four,,, four, four, three, three,

Richie.

I can see a few shadows of yuras around that black rope.

If you're a zombie maker, if you're not a zombie maker, you must be an undead at this time.

"Well, then, if there's an Aquamarus in the archpark, then there's no problem."

You need to calm down.

That's when Aqua was acting in a terrible way.

"What's wrong with you?" "What's wrong with you?"

"Hey, wait a minute!" and he jumped out without even asking me to stop.

"It's too late for Richie to show up in a place like this! I'm going to beat her!"

A great wizard who casts off a human body in the secret of a magic spell, a king of the Undead, called a No Life King.

Unlike monsters who naturally become undead because of their intense envy and hatred, they have become enemies of God by their own will.

A super-mass monster like Rasboss...

I'm like, "Whoa, whoa, stop trying to break my spell!

I don't know if you've ever heard of it.

What do we do?

I'm going to tell you a little bit about what I'm going to talk about, and I'm going to tell you a little bit about it, and I'm going to tell you a little bit about it.

I'm going to tell you a little bit about how this magic band is designed to bring back to heaven the lost souls who still can't grow up!

"Hey, Richie, you're so smart! You're so smart! You're so smart!"

"I don't care what you say."

"What's the matter with you?"

The light that flows out of the embers touches the pack of zombies, and then it leaves the zombies to disappear.

The soul that was gathered on Richie's magic band, you weren't in the light of the Aqua.

Not to mention the light. Richie.

"Oh, my body's gone, and I'm going to stop, and I'm going to lose my body!"

"What's wrong with you?" "What's wrong with you?"

I've been doing things with my hands and my hands, and I've ignored the clenched aquamarines, and I've called out to Richie, who's trembling.

And I'm like, "Hey, are you okay?

"I'm going to go to bed," he said.

"Oh, no, no, no, it's okay...

Thank you very much for saving my life.

"My name's Richie's Wiz," they raised the hood in their eyes, and it appeared to be a brown - haired beauty that only a 20-year-old mouse in the moonlight could see.

I've been trying to imagine something like a skeleton since he was here.

He's dressed like a evil wizard, wrapped up in a black rope.

No, Richie, is that a bad wizard?

"What are you doing in a grave like this?"

And I am going to make a journey back from my mother's grave, and I'm going to go back to my mother's house, and I'm going to go back to my mother's house, and I'm going to go back to my house.

"Well, uh...

(Laughter)

They call him the King of the Un dead, so I can hear the lost souls.

Many of the souls of this sort of cemetery have no money, so Roque doesn't even have a funeral, and they keep it up every night without going back to heaven.

And as the King of the Un dead, I regularly visit here and send back children who want to return to heaven."

He's a good man.

He's a decent guy I've met in this world for the first time, except for shop clerks and so on.

No, it's not human.

"I think that's a good thing and that's a good thing, but...

"Well, why don't we just leave that up to the people in town, not to the Aqua, but to the people in town, to the people in the city, to the people?"

"Well, uh...

I'm not sure if I'm going to be able to do that, but I'm going to tell you that the people in this town are pliable... but those who don't have money are going to say that...

"Is it true that this town's stampes have a lot of annual priorities, and that these moneyless people are buried in a community cemetery?

And I said, "Well, you know what?

And I said, "Well, I don't know if it's a good idea, but what's wrong with calling a zombie?

"Oh, I wasn't...

I don't want to wake you up, but I'm not trying to wake you up, and when I come here, the dead body that's still in a state of silence responds to my magic.

If those who are buried in this tomb do not get lost, there will be no reason to come here.

"I'm so glad you're here!" he said, "I'm still angry.

It's already time for the sky to turn white.

And I said, "Well, you know what?

"Well, I don't think we're going to be able to cut down such a good man."

And from now on, I'll have an instant vision of Aquaa every day and I'll go to the grave regularly to cleanse it.

It's my job to clean up the dead and the dead, even if it rots.

It's a little too much sleep, you know?

There was some resistance to letting go of monsters, and Duquenes and I knew we had never attacked anyone before, so he agreed to let Wiz go.

I'm looking at a piece of paper that's been handed to Wiz.

"But what about the security of this city, where Richie lives?"

That Richie lives in the town where we live.

(Laughter)

And I said, "Well, I've got a picture of Richie, deep inside of Danjon, and I've been told by Danjon, who wasn't happy about it, that I don't really have to live with it."

No, Richie is human, so I understand what you're saying.

I don't know, but since I came to this world, the alien world I've been living in has been breaking down.

This isn't the other world I've been expecting.

(Laughter)

I don't know how much aquamarine there is, Richie.

"If it had been a battle, I and Kazma would certainly have died."

And I said, "Well, what's going on here?"

It's a very powerful weapon. It's a very powerful weapon.

It's the same thing. It's the same thing. It's the same thing.

It's not surprising, instead, why the Aqua Turn-A dead man worked on such a big deal."

I'm glad to hear that 135 of us are blessed in this wonderful world.

I was so happy to get my card because you said you'd teach me Richie's skills... but I'll always take Aka when I go to school.

And I said, "Well, I'm going to give you that card."

'Cause I'm going to go home before she does, and I'm going to cry all over the house, and I'm going to cry.

When I was thinking about it, Daxnes said it was a joke.

"Well, what about the quest for a zombie maker?

"Do you know what it's like to have an old castle taken over by one of the top members of the Demon Army, on a hill just up the hill from the city?"

I've been drinking and talking all day. I've been listening to a man sitting in the hall.

As for me, I'm not drinking, I'm drinking a neoid chachaschaschai face to face with a man.

What's a Neoid?

I'm going to ask you a question.

I've had a lot of people who don't drink too much, and I've been really interested in it.

If you're asked if it's good for nine, you'll only have to answer:

I don't know.

But now I know what Shawawa means.

I've been drinking and I've had a lot of fun.

But it's not carbonic acid.

I don't even know what it means to be squeamish.

I'm gonna drink the neoid and put it on the tape...

You're such a bad boy. You're such an evil king.

And I said, "Well, I don't know if that's a good story, but it's not for us."

I'm going to tell you a story.

I've seen some dangerous monsters out there, so I'd better not be in the area for a while.

It's because the monster doesn't like the smell when he puts a soy sauce on his body.

I don't know how long I've been in this world, and I've never been able to collect information like this.

Information collection is the most important flag collection operation in the game.

It's a great idea. It's great.

The man across the street, the adventurer, said,

I'm going to play with it.

You should stay away from the ruins on the north end of the city.

Not the capital of the kingdom, not the head of the Mad King, I don't know.

Once you're in charge, you're gonna be an Augustus, a vampire.

It's either the Ark Demon or the Dragon.

In any case, I'm sure there's a monster in there that's gonna be killed in the blink of an eye when we meet.

"It's hard to avoid a quest near an abandoned castle for a while."

"What's wrong?" "What's wrong?"

"I'm going to go to a party, and I'm going to go to a party, and I'm going to make a blessing on this wonderful world of 139, and I'm going to make a goddess, and I'm not going to worry about that.

I'm sitting on a tape with three people and I'm reaching for a vegetable stick.

Oh, shit.

A vegetable stick slipped away from my extended hand.

Sir.

"What are you doing?" "What are you doing?"

I'm going to show you a couple of examples.

"Well, uh..."

You look like you're having fun.

You look like you're having a good time, Kazma.

He said, "Well, you know, you've got a lot of friends, and you've got a lot of friends, and you've got a lot of friends at other parties."

I don't know what's going on. &gt;&gt;What's this new feeling?

"What if this is what you're talking about?" "What if this is what you're talking about?"

"What's wrong with you guys?"

"I'm going to tell you something, and I'm going to tell you, I'm going to tell you, if you're going to get information in this place, you're going to be basically...

Oh, my God.

"Oh, oh, oh, oh, oh, oh, oh, oh!

It's like, "What's wrong with you?"

"Let's get this thing out of here."

"You don't know what it's like to be fresh, whether it's fish or vegetables or anything else."

I don't want to eat vegetable sticks.

"I'm so glad you're here."

Well, vegetables don't matter now.

There's something I want to ask you.

I was wondering what skills I'd learn next time the level went up.

I'm not sure if I'm going to be able to do that.

I'd like to go out there and fill the hole for free.

"Well, what's your skill like?"

That's why I asked you to talk to me.

It's like, "I'm made up of a lot of fibromyalism and magic."

"Well, I'm going to go to Decoy, but I'm only going to have to learn how to be a puppet."

What I'm saying is, he's got strength and strength.

If the attack becomes easy, we can take down the monster without being hurt.

It's not like you're going to be attacked by someone on purpose.

"It's nice to shake your sword so hard, but you're overwhelmed so hard..." "Oh, well, you're going to be quiet."

When I looked at it, I bent my neck and opened my mouth.

And I said, "Well, let's just try to get rid of it.

It's not just about nuclear power, it's also about explosions.

It's an act of skill to release the greatest explosive magic.

I've never done that.

"Of course, I'm going to keep saying, "No, no, no, no, no, no, no.

"Well, I'm... you're good." "Yeah."

I don't know, like, a party or a party or something.

But...

"Why is this party...

I'm really going to move... and I'm going to make sure that all three of you are going to be able to get to know each other.

A few days have passed since the emergency cabbage hunt.

When I was a little girl, the cabbages that I had harvested were sold to the market.

And I'm going to tell you a little bit about this.

It's like, "Oh, look at that.

I've tried to strengthen the armor I asked for repair.

"What do you think?" "What do you think?"

It's like, "It's like,  
like, "It's like, "It's like, "It's like, you know,

Sometimes I want you to be honest with me."

I don't know. I don't know.

I don't care.

"There are people worse than you now, so I can't afford to worry about it.

"What are you going to do with those perverts that are going to go beyond you?"

I can't help it! I can't help it!

He was holding his new wand in his arms.

A rare metal, called Manatite, has the properties of the magic's ability to improve when mixed with a cane.

We'll strengthen the cane with a high reward, and the chrysanthemum will be like this all morning.

It's got a lot of explosive magic in it.

I'm not going to talk about it, but I'm not going to talk about it, and I'm not going to talk about it, and I'm not going to talk about it.

I'm already out of cash.

Dacquenes with a monster chasing cabbage.

It's just a bunch of them, and they're crushed.

I was chasing Jabez. Aqua.

I'm going to give you a little bit of credit, but I'm going to give you a little bit of credit, and I'm going to give you a little bit of credit, and I'm going to give you a little bit of credit, and I'm going to give you a little bit of credit.

That's what Aqua said next time.

And now.

I'm waiting for the money to come up.

"What's wrong with you?"

Oh...

I don't like...

It's not that bad. It's not that bad.

He's holding on to my sister's chest and doing something about it.

"Why do you think I've got 50,000 cabbages?" "Why do you think I've caught them?" "I don't know!"

Did you step out of your way to tell the receptionist that you were wasting your time, that Aqua might put your hand behind your back and that a smile was coming up my face?

"Mr. Kazma! How much do you pay for this quest?" "A million yen."

(Laughter)

I've had a lot of cabbages with a lot of quality and experience.

So this is the difference between luck and luck.

"I've been thinking about it for a long time, but you feel like you're really good."

"I've already decided to use this money, and I'm not going to share it."

I've spent a lot of money and I've come in and spent all my money and everything!

You said, "Well, I don't know."

I don't know. I'm just trying to get some kind of base.

"Well, I'm not sure how long it's gonna take to live in a stable.

Because adventurers often fly around without looking for stability.

There's only a handful of adventurers who do a good job, and most adventurers have reason to believe that their daily lives are too low.

I'm giving up the idea that I can't kill a king in this wretch.

The work of fighting the Demons is to be done by those who have been sent here before, but are equipped with powerful equipment.

I'm an early career, the youngest adventurer who can become anyone.

It's not as good as it looks, it's not as good as it looks.

It's not just a matter of taking things for granted, but it's a matter of taking risks.

So, if you're willing to rent, if you're cheap, you don't have to get a small cabin.

I like the aquamarine. It makes me feel like I'm gonna cry.

"Oh, my God! Please lend me enough money! Please give me enough money! I know you're a boy, and I know you're in a stable and you're in the middle of the night.

The Guild Man came to us like that.

And I said, "Well, I'm sorry."

Recently, a member of the evil king's club has been able to settle in a castle near the city...

Whether it's the influence of that evil king, or the weak monsters in this neighborhood are hiding, and their work is greatly reduced.

"In the next month, knights will be sent from the capital to destroy the people, and until then, all the hard work that remains...

And I said, "Why are you doing this?"

I'm like, "Oh, my God, why are you moving around at this time?"

Hmm.

And he said, "Well, I'm going to kill a zombie."

"Why don't we go out and do something safe and innocuous?" they say, "No, let's do something for money!"

And I said, "Well, you know, I'm going to have to go to the press and say, "Well, I'm going to do it after I've seen you ask for a notice."

And...

And I'm like, "What's that?"

And that's what they're doing.

"Let's do this!

The other adventurers all seem to be the same, and they're not doing it, but more people are drinking from the daytime.

I don't know what they're doing here.

Let's be clear, the adventurers in this city are not so different from us.

There are a lot of more adventure parties than we do, but we know what we did.

I'm going to give you a little bit of advice.

A leader of a demon king comes out in a game called Rast.

It's not like we have to fight against frogs, no matter how much we gather together.

So I'm like, "Well, I'm not going to be able to do a decent job until next month, when the best adventurers and knights from the capital come here."

"I've been out of town with you for a while now and I'm going to have to spend some time with you while you're gone."

Right now, there are no dangerous monsters near the city.

Because of the advent of the evil lord's superiors, the weak monsters are opening themselves up in terror.

I couldn't shoot a bomb because I couldn't get a shot out of it. I went for a walk.

Apparently, this guy has a routine that doesn't have to blow off a bomb once a day.

If I let him go alone, he would ask me who would take me home with him.

And I said, "Well, you know what?

"Let's get out of town, and let's get out of town.

But I shake my head.

"No, no, no.

"If you are not away from the city, you will be scolded again by the guards."

I'm not in the mood for a jumble of noise, there's a blasting of magic singing in the wind...

"What's wrong with you?" "What's wrong with you?"

I don't know. I'm a little shy. I'm a little nervous.

Sometimes I've decided to take a trip.

(Laughter)

It's a monster-killing quest.

I don't want to take a walk like this.

"What is that?"

"You're on a hill far away."

There he lies, crouching, and an old ruined castle.

It's like a ghost house...

It's... it's...

And I said, "Well, if you're going to destroy that castle, no one's going to complain."

This is how our new daily routine begins.

I don't know if you've ever heard of it.

Duquenes said he'd be at his parents' house for a while.

The castle was a place where there was nothing to do, but it was a place where there was nothing to do.

It's late in the evening when it's cold and cold.

(Laughter)

(Laughter)

At any given moment, I would cast a spell on that abandoned castle every day... until I knew how it was going to blow up.

I'm going to say, "Explor John Jitz!"

It was the sound of the shock of the explosion, as if it would pass through the Zung and the Bone.

It's not a good idea. It's a good idea.

As always, the castle is safe.

"It's a nice bomb!"

I was a poet.

What about Kazma, who's not a joke but really learning how to blow up?

But when you retire from your adventures, it's gonna be fun to try the last time you can, if you can afford it."

What was the sound of today's blasting magic?

It was the first time I had ever seen it.

And I said, "It's urgent that you all come to the front gate of the city at once, armed and in battle position!"

We're going to the scene.

As many adventurers gathered before the main entrance of the city, we stood before the monster, which was so overwhelming.

It is a knight who sentences a man to death and brings despair.

I'm a monster who's got a body and abilities beyond life.

The knight, with his black armor standing in front of the gate, held his head to the left, and as the adventurers all over the city watched, he held out his head, covered with a helmet of a full face.

It's like I'm going to be in the middle of something.

I'm a member of the demon army who moved into a nearby castle a few days ago, and then my head began to tremble with a single blessing on this wonderful world:

I had been putting up with something for so long, but finally I couldn't stand it.

I don't know what's going on.

In the meantime, the reason we were called out so quickly was because of the mad Durahan in front of us.

"What if I said that I could use a bomb magic?" "If I said that I could fire magic..."

...and when she looks around, she'll see the wizard girl next to her.

I don't know.

It's that abandoned castle that used to be magical every day!

Looks like he's noticed too.

And then she sighed, and then she came forward with a nasty face.

It's the only way that the adventurers can make way for Durahan.

Durahan in front of the city gate.

It's a very dangerous place to be.

I'm the first one to follow the Daxnes and the Aquarius.

And when we found the Andead, it was as if Aquahan were an enemy of his parents, and Durahan was so angry and angry that he was so rare and curious, that he couldn't see what was going on.

If you know that you're in a fight and you're in a fight, you should come to the castle

with open arms! If you don't mind, you're shaking in the city!

"I'm afraid I'm going to have to go to the hospital, but I'm not going to go to the hospital.

I'm going to be an arc wizard and I'm going to be the one who controls the blasting magic...

"Are you making fun of me?" "Oh, no!

"I'm one of the Red Charms, and I'm the best wizard in town."

"It was my luck that I managed to come out here alone in this city!

He's like, "Hey, he's talking like that.

If you don't blow up every day, you'll die and you'll die. I had no choice but to bring you near that castle.

"You're the best wizard in town, and you're the best wizard you've ever seen!" and then you're like, "Oh, shut up!

"You've got to protect the good place now!"

(Laughter)

"You're... you're a red spirit.

Oh, I see.

And I said, "Well, I don't know if you've ever heard of that crazy name, but it wasn't a joke to me."

They don't look like they care.

I don't think there's anything in the world that can help us.

I'm going to give you a blessing on 161 of this wonderful world.

I didn't come here with you little fish.

I've come to investigate a place in this mess.

We'll be staying in that castle for a while, but from now on, don't use explosives.

And I said, "Well, you know what?

"Oh, hey, I've never heard of that! Don't lie!

I'm excited to see Aquapo hanging over Durahan.

Durahan put his head on top of his right hand, he showed it with his hands and his shoulders.

"What do you mean, you're not going to stop shooting a bomb?"

I don't have a hobby of reaping the weak.

But if you're going to do it again in the vicinity of the castle, you have an idea.

I'm going to give you a big smile, and I'm going to make you laugh.

And he said, "I can't help it! I can't help it!

"I'm going to ask you to do your job, sir, if I'm J's!

I don't know if you're a leader of the Demon King, but it's bad luck you came when I was here.

It's as if you're asking me to come out in such a bright place that you're too weak!

I'm not going to let you do that, but I'm going to do it.

"I'm sorry, sir," he said, "but I don't know what happened."

I'm sure it's gonna be such a serious act.

And I said, "Well, I'm not going to do that."

"What's the matter with you?"

It's not as low as the low level of arcs that are in town, and we're able to fight the arcs...

"Well, I'm going to make the girl of the red one suffer all the time!"

"You will die in a week!" "You will die in a week!

"In the midst of the shouts of the Daknesna,

"Oh, shit, I'm dead! I'm dead! I'm dead!" I said, "Daknes, are you okay? P or something?"

He said, "Well, I don't think so."

But Durahan did scream.

He said he'd die in a week.

As Durahan touches the cursed Daknes, the Aquar has gone over them, he says he's won.

"The curse is nothing now.

We've lost some schedules, but we're more likely to respond to the adventurers, you close to each other.

...you know, daughter of the Red Monsters.

Let's stay away from him, and he'll die in a week.

Your dear friend has been terrified and tormented by death:

Well, it's because of what you've done! Look at the suffering you've suffered for a week

and feel sorry for what you've done.

"You should have listened to me straight!"

"Oh, if you want me to put a death curse on you, and you want me to release the curse!"

I don't understand what you're talking about.

I don't want to.

I don't know what to do! I'm not ready!

I'm sorry.

And I said, "I'm not going to go because I don't want to go, but I don't want to go, but I don't want to go, and I don't want to go, but I don't want to go, but I don't want to go!"

"And if you're going to do this, stop blowing off my castle, and you're the daughter of the Red Creader!"

"Can you, my little adventurers, follow along and reach me?"

It's a huge development, if you say so much.

That's the same thing with me.

And then next to me, and then tossing and wringing and wringing and wringing,

I try to get out of town alone.

"I'm going to give you my blessing on this wonderful world."

"What are you going to do?"

"It's my fault this time.

I'm going to go up to the castle and I'm going to blow that durahan directly and get him to undo the curse of Dukeness."

I don't know.

"I'm sure I'll be there, too."

You're the only one who's done with the little fish.

"I'm an idiot who went with you every time, but didn't even notice that it was the castle of the boss."

But he's got an undead night on his hands.

So, weapons are hard to work.

My magic should be more effective.

And I said, "I don't know if I'm going to be able to do this, but... ...so please rely on me this time."

Well, since Aqua is called an undead, he's probably wearing armor.

I'll be powerless if I don't have a cheap sword.

But then I had an idea.

"I'm going to use my enemy-sensing skills to hunt down monsters in the castle, but I'm going to be stuck in hiding, and I'm going to be all right."

Or go to the castle every day, head for the first floor, blow up the enemy, and return home.

Every day, he cuts his enemies off in the open road.

"If there's a week's deadline, you can go on a mission like that."

You know, when I look back at the Daknes,

"Hey, Duquenes, I'm going to do something about the curse!"

With the magic Aquaa offered in the form of an instigation, the body of the Dukes was dimly lit.

And in contrast to the bland, sad, dacquenesy, I've said,

"It's easy for me to unwind Durahan's curse, but it's always a present for you."

One day, a week after the attack on a high-ranking prince, nothing happened.

"Quest!" "What..." suddenly came out of the blue, and the voice of my frustration broke out at the same time.

Except for a little aquamarine, our pockets are good.

I don't want to go out of my way to work.

"I don't care.

But Aqua and I wouldn't be enough fire... 'Daknes will look at you and me.

If they see me like that, you don't have to take a dangerous quest with me.

Look at us. Look at us.

No, no.

I don't have a choice.

Well, then, go find the big one that looks a little better.

I'll follow you if it's not bad.

I'm going to ask you to take a look at it, and I'm going to ask you to come and look at it.

Well, I don't have to complain about my stupid quest... but I've got a bad feeling about this.

When I go to a notice board where there's a rush, I stand behind the Aqua, where I taste the request with a very difficult face.

I don't know what I'm looking at, but I'm not aware of what I'm looking at.

And then I started to think, "What's going on here?"

"I'm not sure what I'm going to ask you to do."

There's a lot of places where Glyphons are fighting for territory.

It's very dangerous to leave it alone.

The reward was 500,000 Ellis.

You were right to come and watch.

I almost got caught in a hell of a quest.

"What are you doing?" he said.

I don't know how he's going to throw me around when he's willing to put two of those dangerous hexenbiests together.

I've been trying to get you out of there, and I've been pulling my sleeves off while I'm struggling to send you out.

"Hey, look at this! Look at this!"

I'd like to ask you to clean the water because the lake's water source in Lake Sakura has gone bad, and the pureager has started to live in it.

If you can clean up the lake, monsters don't have to kill monsters to move their habitats.

I've learned to clean up magic, and I've learned to read.

The reward is three hundred thousand Elliss." "Can you clean water?"

I'm like, "No, no, no, no, no, no, no.

Aqua is excited, 173 is happy for this wonderful world.

I'm going back to eight. I'm trying to get my paper back...

And I said, "Oh, please, please!

"How are you going to clean up the water?" "All you have to do is touch the water and keep it clean."

I had an idea, but...

No, wait, wait, wait, wait.

"Well, I don't know if it's going to work, but maybe there's a safe way to clean it up, but you guys want to try it?

The point is you don't have to kill them.

And I said, "Well, why don't you do it?"

I said, "I don't know, maybe you could just clean it up and you could get your reward all by yourself."

"Well, uh...

"Well, maybe when you're cleaning up the lake, the monsters will come in and get you out of the way, but I want you to protect me from the monsters until I'm done with it."

But you're a crocodile monster, according to your name.

"How long will it take you to clean up your skin?"

Aquamarine leaned over her neck and said,

"What are you doing here?" "What are you doing?"

I wish you a blessing on this great world of 175. Oh, my Lady, carry the aquamarine in 174 oligar, and bring it to the lake.

It's a lake with its water source in the city.

It was a mountain just by the side of the lake, and from there it was constantly flowing into the lake.

I see.

As you asked, the water in the lake was muddy and muddy.

I thought the monsters might like clean water, but they're not.

But when I'm looking at the lake, I can hear a quiet voice coming from behind me.

"You know..."

"Do you really want to do that?"

I don't know what I'm worried about.

Aqua said.

I feel like a little monster who's been sold and caught... sitting in the middle of a steel ore that keeps rare monsters locked in.

At first, I thought I'd get him to cast a purifying spell out of a well near the lake, but he said the purification spell couldn't be used unless it touched water.

It's said that Aqua, the goddess of water, doesn't dip in water; she's drowned in the bottom of the lake for a day, doesn't breathe, doesn't feel uncomfortable.

And he said that even if Aqua was immersed in the lake himself, it would have a cleansing effect.

It's probably meant to be so sacred.

You're a fucking goddess.

Oli, where the Aqua is, took me and Daxnes to the lake.

The steel ore borrowed from Guild.

Some of the other wretches have been asked to capture monsters, so they're used for such occasions.

I'm not here to dump useless goddesses in the lake, so I don't have to take them far.

It's a little hard to see where you're going.

I'm sure you'll be all right if the plethal alligator attacks you while you're cleaning the lake.

It's a lily that's used to transport the monsters that have been captured, and I don't think an attack will reach the Aqua.

Gild said the monsters would go away from the lake after the cleansing, but in case the goddess didn't leave the lake, she would put a strong chain around Oli, in case she didn't leave it.

The steel ore is heavy, so we brought it to the lake by pulling it to the horse we rented in the city.

In case of an emergency, I'm going to get the horse I borrowed, and I'm going to have to drag him in chains to get out of here.

And then, when I got to the bottom of the lake, there was a little bit of ice in the middle of the lake.

All we have to do is stay away and wait for the three of us.

It's like, you know, I don't know what I'm talking about.

"I feel like a tea bag that's been taken from me for two hours."

Still, there's no sign of monsters attacking us.

Me and Daknes and Ginn were watching Aqua 20 meters from Aqua.

I'm going to go into the water, and I'm going to go out there and I'm going to go out there and I'm going to go out there.

"Hey, hey, Aqua, what's the clean-up thing?

"I'm going to go to the bathroom, but if you want to go to the bathroom, tell me I'm going to get you out of the ore!

And I said, "Well, I'm going to go to the bathroom and I'm going to clean up."

I'm worried you're going to be okay in the water, but I still can't afford it.

And I said, "What's wrong with you?"

I'm not going to go to the bathroom, by the way, because the Reds don't go to the bathroom."

You and Aquar usually eat and drink from the remotes, but you're like, "Where's it gone?"

And I said, "Well, I'm going to go to the bathroom. I'm going to the bathroom."

"Daknes, don't fight these two.

"I'm going to make sure that you don't go to the bathroom, and I'm going to ask you to do a big project that won't end on your way home, and I'm going to make sure you don't go to the bathroom."

I'm not going to the bathroom. I'm sorry.

...but...

I don't know if you're here.

"I wish you'd let me finish everything."

It's like a small wave running through the lake.

It's not much different when compared to the average crocodile on Earth.

But it's still a monster.

It's not like the crocodiles on Earth.

I'm like, "I've got power, I've got Kazmar! I've got lots of things!"

The first thing he did was use only the purifying power of the goddess's body in water, but do you want to get rid of it quickly?

A lot of crocodiles surrounds and gurgles the cage with steel ore in it.

It's like, "Preciseness"! It's like, "Privation"!

"Aquar! I'll drag you all the way out of the house!"

"Oh, no, we're wasting our time here and we're getting no reward!"

It's like, you know, it's like, you know,

I'm going to tell you a little bit about what I'm going to do.

There's a lot of crocodiles in the wild.

And the reason for that is that they've been cleaned up, or they've been separated from the cages and they've been swimming toward the mountains.

I can't hear Aquaa's pure magic anymore.

(Laughter)

"Hey, hey, hey, hey, hey, hey, hey, hey.

If you'd rather cry with your knees, you'd have to retrace your quest.

Well, in this situation, I don't know.

"Well, look, if you're done cleaning up, let's go home.

We talked about it a lot. We don't need any reward this time.

"I've got three hundred thousand of them, and you've got all of them."

But there's no sign of him coming out of Ori.

"Oh, come on, get out of here.

And I said, "Well, I'm not going to do it, because there are no alligators anymore."

I'm afraid the outside world is scary, so take me to town.

"Seven hours after I've started purifying," "Don't go, don't go."

And I said, "You know, when you're carrying a woman on your knees in the ore of Pobolo, you're really getting the attention of the city's inhabitants.

This is my sanctuary.

The outside world won't leave for a while because it's scary."

When we returned to the city after we had completed our quest safely, we were on our way to Guildh, drawing the city's warm attention.

Our steps are slow, despite the fact that Aqua hasn't been able to walk on his feet since he's stubborn and refusing to get out of the cage.

I'm sorry to say, but this time, about one person has suffered trauma, but no other damage.

I wanted to try my equipment and my magic in order to get right, but it was easy enough for me to do it, so it's better for you.

One blessing on this wonderful world, my Lady. 184 for us.

'Cause I thought I'd be a flag like that.

"What are you doing?

And then I started to look at him, and I said, "Well, I don't know if that's true, but I'm going to tell you that I'm not going to destroy an Oral Atheist, and I'm going to turn my hand around the Aqua.

He's got a strange man who's just as old as I am, and he's just as old as I am.

I don't know who you are.

It's not like I'm jealous of the Aquaa that's being hit by an alligator.

If you've always been like this...

I don't want to get into trouble, but I don't have a choice.

I'm going to tell you a story about a guy who doesn't usually show his face a lot, and he's obviously getting a little bit more smoky on his knees or something, so I'm going to have a quick ear to Aquaa that doesn't want to get out of his knee at this time.

And I said, "Well, I don't know what you're talking about."

I'm going to tell you something, and you're going to do something about him."

I'm like, "Oh, my God!

"I'm going to have to get out of here. I'm going to get out of here."

He must have really forgotten that he was a goddess.

"I'm not going to be able to do that," he said.

Who do you... who do you know?

187 Blessed for this wonderful world, one, goddess 186, no, I still know you.

It's because I've got a surprise look on my face.

Maybe Aqua is just forgetting.

"What are you talking about?" "What are you talking about?

It's like an cartoon or a cartoon character, but from the Japanese name, it's probably the guy who got the most powerful equipment before me and was sent here.

He's got brown hair and he's pretty handsome.

He was a man of great faith, a man of great faith, a man of great faith.

And behind him is a beautiful warrior-like girl with a spear and a pretty girl with leather armor and a dagger hanging on her waist.

Is he as old as I am when he calls himself Misulgi?

He was a cartoon character.

And I said, "Oh, yeah, that's right.

And I said, "Well, you know, I've sent a lot of people here, and I don't think I can forget it!"

"I'm sorry, sir." "I'm sorry."

"Well, well, well, well, well, well, well, well, well.

You're the bravest man I've ever known.

I'm a soothsayer.

The level went up to three.

And I said, "Well, why was she here?" "Well, why was she locked up in a cage?"

Aa sent this guy, you're the chosen one, you're the brave one, you send him into this world.

I've forgotten who I am, and I know exactly how I used to talk to them.

I mean, did Misulgi look like I was keeping Aquaa in the ore?

I'm sure he wouldn't believe me if I told you to bless this wonderful world with 180 swords.

I can't believe I've seen a goddess like this with my own eyes.

When did I explain to Michael how Aqua came to this world with me?

It's... it's stupid.

"Oh, my God! What the hell are you thinking?

Aquaa's in a hurry to stop.

I'm like, "Hey, P, let's say I'm having a really good day, and I don't care that I'm here with you anymore."

"I'm going to give it to you, and I'm going to give it to you."

"I don't know how I got caught up in a guy like this, but you're wrong now.

I don't know what you're talking about.

"By the way, where are you sleeping now?" I thought, "Don't call me a goddess.

You don't know much about Aqua.

And I said, "Well, what's the matter with you?"

"Oh, well, I'm sleeping in a stable with all of you, but I've got to get hold of my chest."

It hurts! It hurts! It hurts!

"Hey, let go of my hand.

What are you doing here?

"There's going to be a 90-year-old encounter with Kazma, and he's not very polite."

If you look at it in the mirror, you'll see a new wand, and you'll still sing a blasting magic song...

(Laughter)

You're lucky to have a party member.

Well, that's not the point.

"Don't you think it's embarrassing to put Aqua or such brilliant people to sleep in the stables?"

I don't know what I'm talking about.

I'm gonna listen to Aqua.

"Oh, you know, the adventurers of this world are so mad at you for sleeping in a stable?"

"Oh, well, it's almost like someone who's given either abilities or equipment."

Why do I have to be told by the eye what I've worked so hard to do in this world since I've been through all my life with a free sword?

And I said to myself, "Well, I'm not going to do this, but I'm going to do this."

"You guys have been through a lot, have you?"

From now on, you can come with me.

Of course, I can't sleep at a horse store, and I can buy you some expensive equipment.

I think it's good to be balanced with the structure of the party.

To me, Master of the Sod, and the men who fight with my fellows, and the you of the

Kurseider

My fellow bandits and their Arkwizard's boy, Aquar.

And I said, "Well, you know, it's a very nice party, as if you've got it in place."

No, of course I don't want to join this guy's party.

To the suggestion of the selfish mistletoe, three of my associates whispered in secret.

It's a self-inflicted gurgi, but it's not a bad idea to treat.

And I think it's easier to keep up with the mistletoe than I am.

Aqua can't go back to heaven unless the demon king is defeated.

I've been brought to you as my speciality for foreign world migration, but I'm sure you'll be able to follow other forwarders in the killing of the king and get him back.

That's right. I thought that Aqua might have moved them too. I listened to the conversation behind...

And I said, "Well, what's wrong with that?"

I mean, he's really bad at it.

"I don't know if I've ever heard of him, but I'm afraid he's going to go on and on and on and on and on."

I like to take it from the other side, but he's the only one who wants to hit me in the head.

The skirts and aquaa pulled the plugs in my clothes.

"Hey, Kazma.

"Well, let's go to Gilad, and I think it's better if we don't get involved in it."

Let's take a look.

My people don't want to go to your party in full agreement.

"We've got a full report of the quest, so...

"Do you mind if I step out of your way?"

I don't know what to do. I don't listen.

"I'm sorry, but I can't let you leave me in this situation."

You can't save this world.

I'm the one who's going to take down the Witch King.

Master Aqua might want to come with me.

"You know, you chose Aquau as something that you can bring into this world, right?"

And then after this, he's definitely... 'Why don't you play with me?

If you win, we'll do everything we can.

I had to be patient. I had to be patient. I had to be patient.

I'm gonna kick my left hand and I'm gonna pull out my sword with my right hand, and I'm gonna hit you.

You've got to win first, you've got to fight first, you've got to fight first, you've got to fight first, you've got to win first, you've got to lose!

"What's going on?" "What's going on?"

If you pull a sword out of your hips, you'll lie down and pick up my sword.

"I'm going to tell you a little bit about this, and I'm going to tell you a little bit about it, and I'm going to tell you a little bit about it.

Whoa, whoa, whoa, whoa, whoa.

From the hand of the mistletoe, who was about to take my small sword, it was gone.

"Who owns that stupid voice?"

Maybe it was everyone else's voice.

In the middle of the night, I was struck by an attack on the head by an attack that had

built into it such a brilliantly crafted skill.

"You're a coward, you're a coward!"

I've been listening to that.

Even though it's interesting and peripheral, the thimble, when it's hit on the head with a heavy short saw, lies down with its funny, white eyes.

I didn't give a damn.

"It's that I win.

He said he'd listen to everything if he lost, and then he'd take this sword."

And I said, "Oh, no, no, no, no!

The sword chooses its owner.

"The sword already recognized that it had a kookaya, and it doesn't work to protect it!"

And I said, "Well, you know, I'm not going to do this, and I'm going to do this, and I'm going to say,

I'm sorry, but a swordgram is only for that painful person.

It's a sword that can be killed by force, or by force, or by force.

It's a common sword used by Kazma.

Good-bye.

When he wakes up, tell him it's all your fault.

"Let's go report to Aqua, Guild, and I'll turn around and I'll have a fellow girl from Miszulgi set up her weapon.

"Please wait a minute!" "I'll have your sword back."

"We don't approve of winning like this!"

And I said, "No, I'm a true man, and I'm an equalist, and I'm a fair man, and I'm a girl, and I'm a male, and I'm a male, and I'm a male, and I'm a male.

"Don't you think you're going to make me feel better?" or, "You're going to make me feel better?" or, "You're going to make me feel better."

I'm like, "Oh, wow..."

Oh, my God.

"I've been looking all over for you!"

So we decided that we would give Aquaa all our reward, so I left Aquar's report of the completion of the quest to the Aquarius, and when I returned the horse, I came to the front of Guild, later than everyone else, with the magic of the spoils.

"Why are you doing this?" and I heard a loud voice from inside the gild.

I wonder if he doesn't want to make a fuss.

I was in the middle of nowhere, and there was a cry in my eyes.

And I said, "Well, you know, I'm scared, so I'm telling you that I didn't break it.

It's like he's getting the bill for a broken ore.

We were on a boat that was very busy, but eventually we gave up, and then we got paid to come to our table, Henobo.

I'm going to say, "I'm going to give you the money. I'm going to give you the money."

I've been told that it's made out of special metal and recipes, so I'm going to make two hundred thousand.

As far as Mizlgi is concerned, Aquarius is dead.

"That guy, I'll make sure he eats God Pros! and I'll pay for the lily.

I don't want to see him anymore.

...and Aquaa still groans.

"I'm going to take you to the Kingdom Hall."

I'm going to tell you about it, and I'm going to tell you about it.

"Saito, you told me as soon as I asked a girl who was a thief.

I'm going to give you 203 credits for this wonderful world and I'm going to make up for it.

It was a lot of talk about what a guy likes to have a girl covered with saliva.

"Hey, wait, I know who was spreading it."

There's a rumor that I don't know who's a demon...

"Mr. Aqua."

I will take back my sword from this man and I will surely defeat the Witch King.

...

So I and I, we went to the same party.

I'm going to be in the middle of something.

And when I got to the top of my chest and I saw this face, and I didn't know why I was beaten,

"Hey, you're a bunch of people, so Aqua is expensive because it's made of three hundred thousand, three hundred thousand, and that special metal, and it's made with

recipes!"

"I'm going to take the money from Misulgi."

I'm going to go to a restaurant, and I'm going to go to a restaurant.

And I said, "Well, I'm going to lose."

And before I said I'd do anything, I knew insects were good for me.

But please, give me back my magic sword.

Even if you use it, you'll be cut better than those swords, and you'll only be able to give them that much power.

If you want a sword, you can buy the best one in the store.

"Why don't you give it back to me?"

Even though she's not a little girl, she's been pampering me as a gift to the world.

205 bless this wonderful world, the goddess of the 204 that means that I, too, have bet the equivalent of a sword with a sword.

If you're told that Aqua is equivalent to a sword, I'm gonna have to shut up.

"Do you think I'm worth the highest sword in the store?

"I'm going to have to go over there!" "I'm going to go over there!"

(Laughter)

"Wait a minute, Mr. Aqua! I wasn't looking at you cheaply..."

"What's wrong with you?"

It's like, you know, it's like, you know,

I'm going to tell you a little bit about this guy's not already holding a sword, but I'm going to tell you something about him.

I'm just saying.

"I've sold it." "I've sold it!"

"What the hell was that guy doing?"

...by the way.

"What are you talking about?"

I'm going to tell you a little bit about it.

Well, I don't know what you're talking about.

No, this is the moment.

Can I tell Duquenes that I'm looking at Aquaa, and that's when I realize it, that's when I'm not.

And it's a strange and serious expression, and it turns into a dacency and a gurney.

And I'm going to tell you a little bit about the beauty of this world, and I'm going to give you a blessing on this wonderful world, called the Eye Aquarity, and I'm going to show you how it feels, and I'm going to take it seriously:

...I am Aqua.

The Aksinus cult is one day worshiped by a goddess of water and water.

"Did you have a dream?" "No, no! Why are you guys doing this?"

That's when it happened.

"I'm sorry, sir. I'm sorry, sir."

I'm afraid I'm going to have to go to the front door of the city immediately, armed and in combat position, especially for the adventurer Sautkazma and his party!

I'm going to tell you a little bit about it, and I'm going to tell you a little bit about it.

I got in front of the gate, but only the heavy-armed Dukees were late wearing it.

And I said, "Well, you know what?

And he said, "You know, when we get to the front gate of the city, there's already a lot of adventurers there."

A lot of adventurers were watching, and he was in front of the city gate.

Yes, it's Durahan, the head of that evil king.

I was concerned about the paleness of the adventurers who were ahead of me, but I looked behind Durahan, and I understood.

But unlike the other day, he's got a lot of monsters behind him.

And when they are armed, they are knights in their fallen, torn armor.

From the edge of the helmet and the edge of the helmet and the helmet, you see a rotten body that will be unable to eat for a while.

Those armored knights turned out to be an undead for the first time.

When Trau-Dulahan found me, he screamed the most.

"Why didn't you come to the castle?

"Well...

Why don't you come to the castle?

"What's wrong with you?" I said, "I don't know what's wrong with you, but you're mad at

me because you don't have to do it anymore."

"You're not even shooting a bomb, you're not even connected?"

(Laughter)

Did you go?

"I told you not to go there again!" "You didn't go there, did you?" "You didn't go there again!"

I wanted to make sure that Durahan didn't want me to be offended by the manager every day because of him!

And I said, "Well, you know, I'm not going to do this."

"What I really care about is not just the bombing magic! Aren't you going to help your people?"

I'm telling you, I'm not going to protect my people, I'm going to be cursed, and I'm not going to abandon the Krusheider like a knight's fish..."

I've got my heavy armor all over me, and I've finally arrived, Daxnes, standing next to me.

Durahan is praised as a knight's watch, and his eyes match with his red face.

And he said to me, "You know what?"

"Oh, I can't see her face, but maybe she's got a look like P!"

"What? You're surprised because you've been throwing a curse on Dumbledore for a week, and you've been waiting for us, thinking we're supposed to come to the castle to break the curse?

I don't see the face as I do, but I'm sure it's due to the way Durahan, who's shaking his shoulder and the way he's going to be.

But since Aquaa has lifted the curse, we know that she's setting a trap, and there's no reason to go to such danger.

"What are you doing here?"

If I wanted to, I could kill every last one of the city's adventurers and kill every single one of the city's live-ins.

Don't you think I'll let you go forever?

I'm not going to hurt you, you little boys, you little adventurers!

But Durahan was screaming at his right hand before he could do anything.

And I said, "Well, I'm not going to let you go."

"I'm not going to be able to do this, but I'm going to do this! I'm going to do this!"

But if he sees

and ▁  
and ▁ and ▁ and ▁ and ▁ and ▁ and ▁ and ▁ and ▁ and ▁ and ▁ and ▁ and ▁ and ▁ and ▁

It's funny, because I'm in such a hurry to say, "What's going on?"

I'm afraid the real Turn-A dead man will wipe out the dead with a single blow.

It's...

You're the only one safe 217 blessed in this wonderful world.

"You guys!" she said.

"The people of the city.

"Let us kill them all!" I shook its right hand!

They've got their armor on them, and they're a real threat to the adventurers.

"Hey, let's go to the Essian church and get some holy water!"

The adventurers who try to catch them up a long time ago.

"I'm going to tell you what I'm going to do, and I'm going to laugh at them:

I've got a smile in my mouth.

"Oh, I'm a goddess! I'm a goddess! I'm a goddess!

The Undead weren't messing with the city's inhabitants. They were just chasing around Aqua for some reason.

"Oh, come on, you guys! Don't get caught up in a single sheet of paper, you're going to go to the bloody festival of other adventurers and city dwellers!"

I'm going to ask you to do something for me, and I'm going to do it for you.

"I don't know why Aquaa is being chased by an undead, but now's my chance! P!

And I said, "Oh, my gosh!

I'm like, "What are you doing here?"

When Aquaa and I left town, and the Undead Night came out of town and said, "Google, do it!

"What a fine situation! Thank you so much!

We've been working on it for a long time, and we've been working on it, and we've been

working on it for a long time, and we've been working on it, and we've been working on it for a long time, and we've been working on it.

What's wrong with these undead people!

It's a magic power. It's a magic power.

I'm like, "Cook...

I see the power of my blasting magic, and no one can speak.

I said, "You know, I've heard a lot of people say, "It's good, it's good, it's good, it's good, it's good."

And I said, "Well, do you have any?"

One, can you put your eye around me because I can't move well enough?

I'm not going to be able to do that.

"I'm not going to do that," he said.

"The firefly of the Three Dead Night has burst into the heart of this wonderful world!

He's been rolling the ground with the explosion magic aftereffects.

As the smoke is still rising, the cheers of adventurers all over the city rise.

"Oh, you're crazy!" "The crazy red-headed girl did it!" "I've got a name and a name that's crazy and I'm good when I do it!"

"I'm sorry.

"I'd like to blow up on them, so please take me closer."

I've got a big job today, so be confident and take a break.

"Thank you for your help."

It's just that there's a soft thing on your back:

I don't know.

"The Red Charms are extremely intelligent."

"What do you want to do now?" and "I thought you'd be the kind of guy who's going to be grumpy and skinny."

And at the entrance of the city, Verdia was staring at us like that.

It's exactly my back pocket.

In time, Verde will start shaking her shoulder.

I wonder if he's angry because he's wiped out all his undeads.

No.

"Cahahaha! It's funny! I didn't really expect to be wiped out in this city of starting!

"Hey, wait, wait, wait, wait, wait, wait, wait, wait!

A lot of adventurers, armed with weapons, cover us when we're hit, surround Verdidia with a zilzilli and a distant circle.

And when she saw it, her head in one hand, her sword in the other, and her shoulder in a pleasant manner...

"What do you mean by that?"

I'm sure you'll get a hell of a lot of rewards if you can take me down.

....

"If you're going to make a profit, why don't you bring it all together?"

And there was a warrior-like man, and he said, "Hey, no matter how strong you are, you don't look back!

What a dead flag.

You know, I'm like, "Hey, this is the head of the demon army, and it's so easy to beat it with such simple hands!"

And at the same time, I'll use the sword to support them...

I've got results where I've cut them down.

Above all, now I'm taking my back to a safe place...

I'm sorry, I'm sorry.

Aqua spell won't kill you.

We're all going to have to get out of here! <i>It's time to get out of here!</i>

And while I was thinking about it, the head of the Verde was thrown to the ground with her face pointed forward to the ground.

The moment I saw it, I looked around.

Not just me, but the adventurers who saw it all around me.

"Stop it! Stop it! Stop it!

"What?" "What?"

What kind of adventurer would say that?

Verdia, who'd taken all the attacks and wiped her hands off the sword with one hand...

And as if that series of moves were nothing, and he said, "Who's next?"

Daquenes is no longer a pervert, he is no longer ashamed of himself, no matter where he goes.

Verde has seen the power of the Aqua Remnant, and she's probably worried that there's something going on with Dukees.

Verde's stuck in contact with Dukenes.

The white armor of the shining Daknes, shining in the sun, is in opposition to the black armor of Verdia.

I'm going to take a step forward, and now I'm going to lay down my sword.

Did you feel embarrassed to take off your face after you had dressed up like that, or was it just a little red on your cheek?

So, this was a hit angle, and Verdia made herself even lower and more nervous.

"What a disappointment.

That's enough.

"Well, I'm not sure if this is the right thing to do, but I'm sure it's the right thing to do."

"Well, the next person..."

He was confident that he had struck it down.

It's so sweet, but Verdia's sword only scratched the surface of Daquenes' armor with an earmarked sound.

We're going to have to do something about it.

And I said, "Oh, my God.

There's a big enemy coming to the city of adventure, and there's no reason for us to go home safely.

And then, one after the other, she pushed a sword into the ground and opened it with her right hand and pointed to the wizards who were singing magic.

"You'll be dead in a week." "Berdia, you'll die in a week."

The fact that they were sentenced to death caused the wizards to panic and stop singing.

The other wizards, who were about to enter, saw the death sentence of a colleague, and they were afraid to speak the magic while they were glancing around.

"I don't know what I'm talking about."

I wonder if I can ask that headman or that archer to tie me down.

When I was thinking about it, Verdia tried to hold her big sword with both hands!

With their heads thrown into the air, they look across the battlefield from the sky.

If you do that, you'll lose your blind spot, and if you swing a sword, you'll be able to guess where the opponent is going.

There's magic and skills in this world.

It's not about power. It's about power.

It's a good idea.

I'm not sure how to use magic, but I've heard that there were a lot of people on Earth who used magic in the past.

The more powerful you are, the more powerful your skills and magic are, the more

Keep an eye on him.

I took my own head from the ground without attacking it.

I'm serious.

"I'm in quite a serious fight right now..."

I mean, I'm sorry for what I did, but I can't right now.

I'm like, "Create War, how do you play water with the head of the King?" I'm like, "Create War!"

I've been trying so hard to tell you how water magic is, and Aquaa, who's been away for so long, walked around here and there.

"It's water! It's water! It's water! It's water! It's water! It's water! It's water!

In my words, Aqua came out one step ahead.

There's a fog all around that aqua.

And I'm like, "What's wrong with me?"

I don't know.

It must have been a disturbing feeling about what Aqua was going to do.

So, I'm going to show you some of the magic that you see around you, and I'm going to show you some of the magic that you see around you, and I'm going to show you a little bit of anxiety and I'm going to show you how it's going to be.

The fog that appeared around the aquaa floats around it as a small water ball.

I can feel the magic condensing on each of those little water balls.

I have a bad feeling about the water goddess Aqua...

"Isn't this stupid?" "It's a wonderful world where you can bring one blessing, even water from your goddess, 248 flood class."

"Oh, there's water, there's water, there's water!"

And I was away, and even Aqua with the magic of...

I'm like, "What's wrong with you?"

What are you thinking?

"Isn't it stupid? Is it stupid?"

I'd like to agree strongly with Verde, but now I'm not saying that.

It's your chance now, this best...

It's like, you know, I'm a little nervous, and I'm a little nervous.

It's like a blasting spell.

I mean, you're about to use that dangerous magic.

And then, as soon as she got out of the room, she began to walk out of the door, without hesitation, turning her back to Aquaa, trying to escape quickly:

"Sacrificed Creation Water."

And I'm going to say, "I'm going to give you a blessing on 251 of this wonderful world, and I'm going to give you 250 grand.

I'll put my hand out to Verdia, and I'll take your weapon! Say it's weakened, and don't let me steal my weapon from a adventurer's stick!"

That's why I'm here. I'm a member of the Witch King's leadership.

It's supposed to be weak.

I'm going to give you all the magic I'm going to do!

A voice of disappointment came from the adventurers around us.

I'm not going to cut it again! I'm not going to cut it again!

"What's wrong with you?"

The blows of the duquenes, which are clumsy and clumsy, break Verdia's black armor, and make a big scratch on her chest.

I'm afraid I'm going to have to scream at you.

"What are you doing?"

"I pray and pray."

I don't know what you're talking about, but I don't know what you're talking about.

It's so hot that you can use that big sword instead!

I'm not going to do it.

And...

When I put him in a party for one day and marked him, he wouldn't care less.

They're all killed by Durahan.

I think that even though they weren't strong enough, I didn't hate them...

So I'll tell you the rest of the story later, so let's go back to Guild.

The Daxnes, with their eyes closed and their soft voice so bright,

"When can I ever see them again?"

I wanted to have a drink with you once... and then I heard a shrill voice in the back of Duquenes, with his eyes closed.

The three men who are wet behind the shakers and the trembling Daxnes.

That's certainly the three men who were supposed to have been killed by Verde earlier.

In time, one man seemed to be sorry...

"Well, uh..."

I'm sorry about everything.

"Well, you're the one who told us something like that."

I'm sorry. I'm so sorry.

I'll buy you another treat... and I'll give you a blessing on this wonderful world.

"Did you really care that the sword didn't strike, that I didn't, that I didn't...?"

And I said, "Well, what's the matter with you?"

"Dacquenes, if you'd let me go, I'd be dead, and I'd be dead, and I'd be dead, and I'd be alive!"

But in those words, the Dukees remembered their own uniqueness, which they did not know was behind them, and sat down with both hands covered in their red faces when they were in tears.

And I said, "Well, that's great.

"You know, I'm going to go get a drink."

"I want to die..."

"You've been wanting to blame me since I was a kid."

"Don't be shy, I'll go on with this for three days," he said, "because this charge is different from the type of shame I want to...!"

I was walking alone in Gildhah, thinking about the future.

Oh, my God. I'm supposed to kill the beast.

But then I'm gonna have to deal with a strong enemy like Verde.

I'd like you to complete the King's death and make a wish.

I'll give up the slaughter and find a place to live in this world.

From now on, we're going to live in peace without danger.

We do business with the knowledge of Japan.

And I'm going to do a lot of work.

I've put my hand at the entrance of the adventurer Guild, thinking about the future of design.

It's like opening a door, and it's a shrill smell, and it's hitting your nose.

A man's heat and the smell of alcohol flow out of the entrance I opened.

It seems the adventurers are having a feast in the middle of the day on the anniversary of the defeat of the leader of the Mad King.

"Oh, my God, it's so late! I'm already getting started!"

"Hey, Kazma, get the money!

I've had a lot of drinks, of course, but as you can see, I've already had a lot of it.

Oh, my God. He's making this shit up too.

I'm going to ask you a question.

I can't see it. I can't see the adventurers in Guild.

I'm on my way to the counter.

"W'263, blessed is this wonderful world.

"Oh, there you are, Kazma.

"I've been waiting for you, Kazma."

And I said, "Well, I'm going to tell you a story, and I'm going to tell you something, and I'm going to tell you something that I don't want to do, and I'm going to tell you something that I don't want to do."

I'm going to look at my sister, and I'm going to look at her and I'm going to look at her.

And I said, "Well, I don't know.

I've been waiting for you.

"Well...

I said, "Well, I'm going to give it to you, and I'm going to give it to you, and I'm going to give it to you."

I don't know if you've ever seen anything like this.

"Well...

Right.

In fact, Mr. Kazma's party has been paid special fees.

"Hey, MVP1 couldn't have killed Durahan without you guys!"

These guys...

It's been a long time since I came to this world.

On behalf of the four of us, I'm going to get a special reward.

The sister at the reception, she's got a cough, and...

"What?"

To Mr. Sututkazma's party, honors the honor of taking down Verde, the head of the evil army.

I'm going to give you 300 million Yells of gold.

And when the adventurers hear it, they'll be quiet.

And...

"Hey, hey, hey, hey, hey, hey, hey, hey, hey, hey, hey!

Oh, yes, don't worry! I'm going to tell you something! I'm going to have less adventures! I'm going to live in peace and security after I've got the money!

The receptionist, who's got such a sorry look on her face, handed me a piece of paper.

A check in this world?

And I said, "Well, I don't know if I'm going to do that."

This time, a group of Kozmas... and a squabble of the big stars called by Mr. Aquau has caused some of the houses near the city's entrance to be washed away, damaged, and flooded...

"I'm going to put it away-- well, I'm not going to say that I'm going to pay you all the money, so I'm going to give you just a little--"

I saw the paper on my hand, and I ran away.

I'll grab Aqua's collar, and then I'll run away.

The adventurers who looked at the bill in our atmosphere were a little out of the blue.

Daxness, who was watching the bill, put his hand on my shoulder and...

"A reward 300 million."

...and 304 million yen.

Kazma.

"Let's go to the gold-sharing quest of the opponent tomorrow."

I'm going to live my whole life in this crazy world with a fellow of mine who can't help but...

So let's start with the book.

Thank you very much. And welcome to meet you.

My name's Morning.

This is actually a film that was featured on a site called "Let's Be a novelist."

I'm going to tell you a little bit about how this works.

I'm not going to do that. I'm going to do that.

I always want to be on the wrong side of the reader's expectations.

And I think that's what's going to happen.

I'm going to show you how to do that.

So, if you don't know what's going to happen, and you don't know what you're going to do, then one day, a can of coffee that you're warming up on a stove will explode and the hero dies.

And I'm going to show you how to do that.

I'm not going to do that.

- Let me explain a little bit about our work.

It's not a story that's going to be a story of a gentle, cool, cool hero who's going to be a great hero, who's going to work hard for no one, and it's not going to be a story that's going to end the pain.

If someone is in trouble, as soon as they're in trouble, they'll help you, they'll help you, they'll help you, they'll help you, they'll help you.

I'm going to tell you about a story that I'm going to tell you about today, which is a story of a very human-like, plain-looking hero that's everywhere, who's struggling against unreasonable realities in a harsh, alien world, and who's going to be able to lead a bunch of cheap heroines.

It's not a matter of choice or legend, it's a secret force, it's a hero who's not particularly lucky, except for people.

And that's what happens when you're young.

Maybe he doesn't grow very well.

It's not something that's so easy to change.

I'm sure they'll do something for me in the end.

The only boy left behind is the 268I.

(Laughter) (Applause)

I'm going to show you some of the things that I'm going to show you.

I've been able to bring this work to the world for a long time, thanks to all of you who have given up on supporting such a clever author.

(Applause)

I'm not sure what to say, but I'm going to be able to write the best work I've ever done.

I think writing interesting things is the best way to repay.

And finally,

I'm going to give you a few examples.

It's a great book. It's a great book.

This was done by placing 2-J3-38-889-889-92.)

Seven-two-two.

This story is called "e."

Hey, give me a heads-up.

(Laughter)

The two scrolls are about me being attacked by a general or a Qasma being attacked by a NTR.

The defeat of World War II was more a defeat of our young cultural strength than a defeat of military power.

And I'm going to tell you a little bit about how helpless our culture is and just a flower.

It's not that it's too short for Western culture.

Yet we have failed to establish the traditions of modern culture and to form ourselves as a liberal and flexible culture.

And this was also the responsibility of publishers on the mission of bringing culture to each level.

It's been a long time since I've been here.

It's a great tragedy, but it's also an excellent opportunity to establish order and order in the culture of our country that has been in so far the chaos and the distortions.

The Hokugawa bookstore has set out with such a cultural crisis, with the very best of intentions and determination to rebuild without regard for its power.

We've considered the strengths and weaknesses of every collection library ever published, and we've tried to offer the old and the West in an in perpetuity book to

many people under conscientious editing, and as a beautiful book worthy of writing.

But we don't intend to create a zilettta soot of all written knowledge, but we show our culture the way to order and rebuild, and we want this library to continue as a thriving business of the Ibnji bookstore, to continue to grow forever, to become a cathedral of learning and culture.

I hope many readers will not be able to fulfill this hope and hope by the loving words and support of many readers.
